Humana Healthy Horizons in Ohio prior authorization and notification List

Effective date: 01/01/2026

Revision date: 11/18/2026

Please note: An authorization is not a guarantee of payment. Please be sure to check all applicable resources.

The following list describes services and medications that are commonly reviewed and may require additional clinical information. Listed medications include those delivered in the healthcare provider's office, a clinic, or an outpatient or home setting.

Please note the term prior authorization, also known as precertification and preauthorization, refers to a process that requires healthcare providers to obtain advance approval from the plan as to whether an item or service may be covered.

"Notification" refers to the process through which a provider notifies Humana of the intent to provide an item or service. Humana requests notification to help coordinate care for Humana-covered patients. This process differs from prior authorization. Humana does not issue an approval or denial related to a notification.

Investigational and experimental procedures usually are not covered benefits. Please contact Humana for confirmation of coverage.

Important notes:

Emergent services do not require a referral or prior authorization.

A provider may request urgent prior authorization in situations where the provider considers a delay in providing services, supplies or medications requiring prior authorization to be detrimental to the health of the consumer.

The absence of prior authorization and/or notification prior to the date of a service could result in financial penalties for the practice and reduced benefits for the member, based on the healthcare provider's contract and the member's Certificate of Coverage.

Services or medications provided without prior authorization may be subject to retrospective medical necessity review. We recommend individual practitioners making specific requests for services or medications verify benefits and prior authorization requirements with Humana prior to providing services. Providers can request prior authorization to exceed coverage or benefit limits for members under the age of 21.

Humana Healthy Horizons® in Ohio

† New-to-market drug addition
‡ All shared Healthcare Common Procedure Coding System (HCPCS) codes and not otherwise classified codes require a corresponding National Drug Code to be billed on all claims.
†† Preauthorization requests will be reviewed by the Humana National Transplant Network and can be submitted by fax to 502-508-9300, by phone at 866-421-5663, Monday – Friday, 7 a.m. – 7 p.m., Central time, or by email to transplant@humana.com.

How to request prior authorization for provider-administered medications:
Humana handles all prior authorization requests for medications typically received as an injection at a healthcare provider's office. The prior authorization can be initiated by one of the methods below:

- Online: CoverMyMeds
- Fax: 888-447-3430 (You can find request forms at Humana's prior authorization for professionally administered drugs website.)
- Phone: 866-461-7273 (TTY: 711), Monday – Friday, 8 a.m. – 11 p.m., Eastern time

This list is subject to change. A summary of changes can be found at Humana's provider prior authorization notification lists website. New-to-market medications may be added throughout the year without notification.

Blood-clotting Factors		
Brand medication name	**Generic medication name**	**Code**
Advate ‡	antihemophilic factor, human recombinant ‡	**J7192**
Adynovate	antihemophilic factor [recombinant], PEGylated	**J7207**
Afstyla	antihemophilic factor (recombinant) single chain	**J7210**
Alhemo	concizumab-mtci	**J7173**
Alphanate	antihemophilic factor/von Willebrand factor complex [human]	**J7186**
AlphaNine SD	coagulation factor IX [human]	**J7193**
Alprolix	coagulation factor IX [recombinant]	**J7201**
Altuviiio	efanesoctocog alfa	**J7214**
Benefix ‡	coagulation factor IX [recombinant] ‡	**J7195**
Coagadex	coagulation factor X [human]	**J7175**
Corifact	factor XIII concentrate [human]	**J7180**
Eloctate	antihemophilic factor [recombinant], Fc fusion protein	**J7205**
Esperoct	antihemophilic factor (recombinant), glycopegylated-exei	**J7204**
Feiba NF	anti-inhibitor coagulant complex	**J7198**
Hemlibra	emicizumab-kxwh	**J7170**
Hemofil M ‡	antihemophilic factor [human] ‡	**J7190**
Humate-P	antihemophilic factor/von Willebrand factor complex [human]	**J7187**
Hympavzi	marstacimab-hncq	**J7172**
Idelvion	coagulation factor IX (recombinant)	**J7202**
Ixinity	coagulation factor IX [recombinant]	**J7213**
