Coordination of benefits

First payor guidelines

Coverage for members in the Federal Employees Health Benefits Program (FEHB) and the FEDVIP is governed by the Office of Personnel Management (OPM). This agency requires the medical carrier to be the first payer when a member has a medical plan with embedded dental coverage.

To help us process your claims quickly, please follow these steps:

1. Verify the enrollee's medical coverage. If the plan has an embedded dental benefit, submit the claim to the medical carrier first.
2. Apply payment from the medical carrier to the member's responsibility first.
3. After the adjustment is made, attach a copy of the medical explanation of benefits to the claim form for the secondary insurance and mail it to:

Humana
PO Box 14287
Lexington, KY 40512-4287

The member is only responsible to pay his or her applicable copayment on the dental schedule of benefits.

Streamlined processes through Availity Essentials
