

Humana Healthy Horizons in Virginia professionally administered medication prior authorization and notification list

Effective date: 01/01/2026

Revision date: 04/08/2026

The following list describes medications that are commonly reviewed and may require additional clinical information. Medications include those that are delivered in the provider's office, a clinic, or an outpatient or home setting.

Please note the term prior authorization (also known as preauthorization, precertification or preadmission), when used in this communication, is defined as a process through which the healthcare provider is required to obtain advance approval from Humana Healthy Horizons® in Virginia as to whether an item or service will be covered.

Notification refers to the process by which the healthcare provider notifies Humana Healthy Horizons of the intent to provide an item or service. Humana Healthy Horizons requests notification as it helps coordinate care for members. This process is distinguished from prior authorization. Humana Healthy Horizons does not issue approvals or denials for notifications.

Investigational and experimental procedures usually are not covered benefits. Please contact Humana Healthy Horizons for confirmation of coverage. Please note: Urgent/emergent services do not require prior authorization.

Failure to obtain prior authorization for a medication could result in financial penalties for the provider and reduced benefits for the member. Services or medications provided without prior authorization may be subject to retrospective medical necessity review. Humana Healthy Horizons recommends individual providers making specific requests for services or medications verify benefits and prior authorization requirements with Humana Healthy Horizons prior to providing services.

How to request prior authorization for professionally administered drugs:

Humana Healthy Horizons handles all prior authorization requests for medications typically received as an injection at a healthcare provider's office. You can initiate prior authorization by:

- Submitting your request online at the [CoverMyMeds® website](#).
- Faxing requests to 888-447-3430
 - Request forms can be found by visiting Humana's [prior authorization for professionally administered drugs webpage](#).
- Calling 866-461-7273, Monday – Friday, 8 a.m. – 11 p.m., Eastern time

Humana Healthy Horizons. in Virginia

† New-to-market drug addition

‡ All shared Healthcare Common Procedure Coding System (HCPCS) codes and not otherwise classified codes require a corresponding National Drug Code to be billed on all claims.

†† Preauthorization requests will be reviewed by the Humana National Transplant Network and can be submitted by fax to 502-508-9300, by phone at 866-421-5663, Monday – Friday, 7 a.m. – 7 p.m., Central time, or by email to transplant@humana.com.

Humana Healthy Horizons in Virginia is a Medicaid product
of Humana Wisconsin Health Organization Insurance Corporation.

This list is subject to change with notification, and this list may be modified throughout the year for additions of new-to-market medications or step-therapy requirements for medications without notification via United States Postal Service mail.
