Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs, over-the-counter (OTC) drugs and non-drug products are covered by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP). The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP). Key terms and their definitions appear in the last chapter of the *Evidence of Coverage*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP). The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) will cover all medically necessary drugs on the *Drug List* if
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) network pharmacy.
- In some cases, you must do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist) or call us at the number in the footer of this document.

B2. Does the *Drug List* ever change?

Yes, and Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) must follow Medicare and Cardinal Care rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes along that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP)'s up-to-date *Drug List* online at [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist). Updates to the *Drug List* are posted on the website monthly.

- You can also call us at the number in the footer of this document to check the current *Drug List*.
-

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new version of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain the same with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we are adding:
 - Is a new generic version of a brand name drug, or
 - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to **Section B14**.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. Please contact your prescriber for an alternative medication to treat your medical condition.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

Humana.com/medicaredruglist.

This formulary was updated on 05/05/2026.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) before you fill your prescription. Prior authorization is different from a referral. Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. Under Virginia law, your doctor or other prescriber must document either verbally or in writing why they feel the first drug is not effective for you and ask for the other drug to be covered.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C1**. You can also get more information by visiting our website at [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled “List of Drugs by Drug Type” in **Section C1** has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist).

This formulary was updated on 05/05/2026.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- You can search alphabetically, **or**
- You can search by drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it in Section D. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs are listed in the index.

To search by drug type, find the **Section C1** labeled “List of Drugs by Drug Type”. The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the “Antimigraine Agents” category. That is where you will find drugs that treat migraines.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call us at the number listed in the footer of this document and ask about it. If you learn that Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) will not cover the drug, you can do one of these things:

- Ask us for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- Ask Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

Humana.com/medicaredruglist.

This formulary was updated on 05/05/2026.

B9. What if I am a new Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) member and can't find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP), **or**
- you are taking a drug that is part of a step therapy restriction.

If you're taking a drug that Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) doesn't consider to be a Part D drug, you have the right to get a one-time, 72-hour emergency supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you are a member of Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP).

If you change treatment settings

During the plan year, you may change treatment settings because of a change in the level of your care. For instance, you may:

- Move from a hospital or skilled nursing facility to a home setting
- Move from a home setting to a hospital or skilled nursing facility
- Move from one skilled nursing facility to another, so you need to use a new pharmacy
- Stop staying at a skilled nursing facility where Medicare Part A covered your prescription drugs, so you need to use Part D now
- Give up your Hospice status, so you need to use Medicare Parts A and B now
- Leave a long-term psychiatric hospital where your drugs were tailored to you

In such cases, we will cover up to **31 days** worth of a drug that Medicare Part D covers when you get the drug at a pharmacy.

If you change treatment settings more than once in the same month you may need to ask us to make an exception, **or** approve your drug in advance.

We will look at your request to see if you have a treatment plan, **and** changing it would harm your health.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

If you need more time

We may extend your transition supply. This will let you keep getting your drug while we look at your appeal, **or** request for an exception.

After you get a transition supply of a Part D drug

We may need to do a medical review of the drug if:

- The drug is not on our approved list, **or**
- We need to approve it in advance because:
 - There are limits on the amount you can get
 - You need to try a less costly drug first, **or**
 - We need to know some facts about your health

If we need to know some facts about your health

Your doctor can give us these facts. This will help us work on your request to approve your drug in advance or make an exception if:

- Your drug is not on our approved list
- We need to approve your drug in advance, **or**
- You have tried other drugs to treat your health problem

To ask for an exception

Ask your doctor to send us a letter. The letter must say that you need this drug to treat your health problem because the drugs we **do** cover:

- Would not work as well to treat your health problem, **or**
- Would harm your health

The letter must explain why the limit we placed on your drug:

- Is not fitting given your health problem, **or**
- Would harm your health

In most cases, we must tell you our decision no more than **72 hours** after we get your doctor's letter. We will grant you a fast request if we find, or your doctor tells us, that waiting for a standard request could harm your life, health, or ability to function. With a fast request, we must tell you our decision no more than **24 hours** after we get your doctor's letter.

If we say no to your request for an exception

You can ask us if we cover another drug for your health problem if:

- The drug is **not** on our approved list, **or**
- Your drug **is** on our list, but:
 - We need to approve your drug in advance
 - You need to try a less costly drug first, **or**
 - There are limits on the amount you can get

Ask your doctor if this drug is a good choice for you.

You can also ask us to review our decision. You must make this appeal no more than **65 days** after our first decision.

We can help

We can help you and your doctor:

- Ask for an exception

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

This formulary was updated on 05/05/2026.

- Make an appeal
- Find another drug for your health problem
- Learn more about your Transition Policy

You and your doctor can also get forms to ask us to:

- Approve your drug in advance
- Make an exception

Just call us at the number listed in the footer of this document, or go to our website, **[Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist)**.

Pharmacy and Therapeutics (P&T) committee

This committee watches over our Part D drug list and related rules. It made these rules for certain Part D drugs. The rules are meant to make sure the drugs:

- Are used per medical guidelines
- Have been proven safe and effective for the health problem they are treating
- Are prescribed per the maker's guidelines

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

B11. How can I ask for an exception?

To ask for an exception, call us. A representative will work with you and your provider to help you ask for an exception. You can also read **Chapter 9 Section 7** of the *Evidence of Coverage* to learn more about exceptions.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

[Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist).

This formulary was updated on 05/05/2026.

B12. How long does it take to get an exception?

After, we request a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

To ask for an exception

Ask your doctor to send us a letter. The letter must say that you need this drug to treat your health problem because the drugs we **do** cover:

- Would not work as well to treat your health problem, **or**
- Would harm your health

The letter must explain why the limit we placed on your drug:

- Is not fitting given your health problem, **or**
- Would harm your health

In most cases, we must tell you our decision no more than 72 hours after we get your doctor's letter. We will grant you a fast request if we find, or your doctor tells us, that waiting for a standard request could harm your life, health, or ability to function. With a fast request, we must tell you our decision no more than **24 hours** after we get your doctor's letter.

You and your doctor can also get forms to ask us to:

- Approve your drug in advance
- Make an exception

Just call us at the number listed in the footer of this document, or go to our website,

[Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist).

If you or your prescriber think your health may be harmed if you must wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) covers both brand name drugs and generic drugs.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

[Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist).

This formulary was updated on 05/05/2026.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Evidence of Coverage*.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) *Drug List* to find out what OTC drugs are covered.

B16. Does Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) cover non-drug OTC products?

Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) covers some non-drug OTC products when they are written as prescriptions by your provider (*for example, insulin syringes, etc.*). Contact us at the number in the footer of this document for more information.

You can read the Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) *Drug List* to find out what non-drug OTC products are covered.

Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) covers OTC health and wellness items through the Humana Healthy Options Allowance. For more information about this benefit, see the Medical Benefits Chart in Chapter 4, Section 2.1 of your Evidence of Coverage (*sometimes called the Member Handbook*).

B17. Does Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply. Some drugs may be eligible for up to a 100-day supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply. Some drugs may be eligible for up to a 100-day supply.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

B18. What is my copay?

Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) members have copays for prescriptions as long as the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- **Tier 1** – Generic and brand drugs that have \$0 copay.
- **Tier 2** – Generic and brand drugs that have \$0 copay.
- **Tier 3** – Generic and brand drugs that have 25% cost share.
- **Tier 4** – Generic and brand drugs that have 25% cost share.
- **Tier 5** – Some injectables and other high-cost drugs that have 25% cost share.

Copay amounts may vary based on the level of Extra Help received. For more information, please refer to your Evidence of Coverage (EOC; sometimes called the Member Handbook).
OTCs have a \$0 copay.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP). If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP).

Note: The “(*) Not a Part D Drug” header above a section of drugs means the drug is not a “Part D drug.” These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Cardinal Care.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call the number listed in the footer of this document.
- You can also read **Chapter 9** of the *Evidence of Coverage*.

C1. List of Drugs by Drug Type

The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the “Antimigraine Agents” category. That is where you will find drugs that treat migraines.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column, as superscripts next to a drug name, and as a category header:

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit

- QL** = Quantity Limit: only a specific quantity of a drug is allowed per a given period of days.
- PA** = Prior authorization (approval): you must have approval from the plan before you can get this drug.
- ST** = Step therapy: you must try another drug before you can get this one.
- DL** = Dispensing Limit: Drugs that may be limited to a 30 day supply.
- BvsD** = Medicare Part B or Part D review (approval): administration location of the drug is reviewed and must be approved before the plan will cover the cost of this drug.
- (*)** = Not a Part D Drug. OTC drugs or drugs not covered by Medicare.
- MO** = Drug is typically available through mail-order.
- LA** = Limited Access; The health plan has authorized certain pharmacies to dispense this medicine, as it requires extra handling, doctor coordination or patient education. Please call the number in the footer for additional information.
- CI** = Covered insulin products; Part D insulin products covered by your plan. For more information on cost sharing for your covered insulin products, please refer to your Evidence of Coverage (EOC; sometimes called the Member Handbook).
- AV** = Advisory Committee on Immunization Practices (ACIP) Covered Part D vaccines; Part D vaccines recommended by ACIP for adults that may be available at no cost to you; additional restrictions may apply. For more information, please refer to your Evidence of Coverage (EOC; sometimes called the Member Handbook).
- PDS** = Preferred Diabetic Supplies; BD and HTL-Droplet are the preferred diabetic syringe and pen needle brands for the plan.
- SA** = Service authorization: You must have approval from the plan under your Medicaid benefit criteria before you can get this drug.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics, brand name drugs are capitalized and OTC drugs and non-drug products are listed in lower case. The information in the “Necessary actions, restrictions, or limits on use” column, as superscripts next to a drug name, and as a category header tell you if Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) has any rules for covering your drug.

If you have questions, please call Humana Dual Fully Integrated (HMO-POS D-SNP) (HMO D-SNP) at 1-844-881-4482 (TTY: 711), 8 a.m. to 8 p.m. local time, seven days a week October 1 – March 31 and Monday through Friday from April 1 – September 30. The call is free. **For more information**, visit
