Subject: IHCP Bulletin: BT202515 – attending provider guidelines announcement

On Jan. 30, 2025, Indiana Health Coverage Programs (IHCP) released bulletin **BT202515** to clarify previously issued guidance for attending providers.

All institutional claims must have a valid attending provider on the claim. Institutional claims can include outpatient, inpatient, long-term care, home health and hospice claims. A valid attending provider must be enrolled as either a rendering provider or an ordering, prescribing or referring provider with IHCP.

Per Medicare Learning Network Matters **MM12889**, an attending provider is the individual who has overall responsibility for the patient's medical care and treatment reported on institutional claims. In some instances, the attending provider may be the member's certifying physician.

Providers can review the full details of the updates on Indiana Medicaid's **website**.
