

The Agency for Health Care Administration (AHCA) recently added electric breast pumps to its Medicaid Durable Medical Equipment (DME) schedule as a covered benefit for new mothers. Humana also covers electric breast pumps. (Please note that both AHCA and Humana cover breast pumps only when they meet medical necessity criteria.) To order a breast pump for a patient covered under Humana Medical Plan (Medicaid), please follow the steps below:

1. Request an authorization/referral from Humana using either of the following options:
  - Call 1-800-523-0023. State reason for call is to request authorization.
  - Fax your request to 1-813-321-7220.
2. Once you have obtained an authorization/referral, contact one of the following contracted vendors listed below:
  - CCS Medical (For Regions 1 through 8): 1-877-531-7959
  - One Homecare Solutions (For Regions 9, 10 and 11): 1-855-441-6900 or fax: 1-855-441-6941

Breast pumps need to be ordered prior to the patient's due date to ensure delivery once the baby is born.

**Important notes:**

- In order to be a covered benefit through AHCA, patients must meet medical necessity criteria, as defined by 59G-1.010(166), Florida Administrative Code.
- View the current AHCA fee schedule online at <http://tinyurl.com/lv7q6yj> (breast pumps are under codes E0603 and E0604 on Pages 6 and 7).
- For Humana coverage, please refer to the [Breast Pump GAPMS Determination Report with Recommendations](#), which outlines the medical necessity criteria.

If you have questions about these changes, please call your Humana provider relations representative.
