

The following provides an all-inclusive list of dental services covered under this plan. All services must be received in-office from a participating in-network general dentist or dental specialist (e.g., oral surgeon, endodontist, periodontist, etc.). Limitations and exclusions may apply. Benefits are offered on a calendar year basis. Any amount unused at the end of the year will expire.

The dentist may suggest and help arrange for additional services not listed in this benefit schedule; however, any procedures received that are not listed or exceed the benefit limitations listed in this schedule are not covered by this benefit. The member may be responsible for the costs of these additional services and may be charged the dental provider's usual and customary fees, less any contracted discount. Submitted claims are subject to a review process, which may include a clinical review and dental history to approve coverage.
