## HumanaDental® Medicare Network

The following provides an all-inclusive list of dental services covered under this plan. Limitations and exclusions may apply. Submitted claims are subject to a review process which may include a clinical review and dental history to approve coverage. Any services received that are not listed will not be covered by the plan and will be the member's responsibility. The member is responsible for any amount above the dental coverage limit. Benefits are offered on a calendar year basis. Any amount unused at the end of the year will expire.

### Additional Plan Details

- In-network dental providers have agreed to provide covered services at contracted rates per the in-network fee schedules (INFS). If a member visits a participating network dental provider, the member cannot be billed for charges that exceed the negotiated fee schedule (but any applicable coinsurance payment still applies).
- Out-of-network dental providers have not agreed to provide services at contracted fees. Benefits received out-of-network are subject to any in-network benefit maximums, limitations and/or exclusions. Members may be billed by the out-of-network provider for any amount greater than the payment made by Humana to the provider. Network providers agree to bill us directly. If a provider who is not in our network is not willing to bill us directly, the member may have to pay upfront and submit a request for reimbursement. The coinsurance level will apply to the usual, customary and reasonable fees in the member's area.
- **When visiting an out-of-network dental provider there could be a difference between Humana's reimbursement and the dentist's charges. Members are responsible for this difference when visiting an out-of-network provider; this is known as balanced billing.**
- Humana is a Medicare Advantage preferred provider organization (PPO) with a Medicare contract. Enrollment in any Humana plan depends on contract renewal. Dental benefits on this plan use a PPO dental network.
