

# Humana Healthy Horizons in Florida Expanded Benefits Provider Resource Guide

Welcome to Humana Healthy Horizons® in Florida, a Medicaid managed care program focused on helping members achieve their best health. This provider resource guide lists all expanded benefits offered to Humana Healthy Horizons members.

Expanded benefits are those services offered by Humana Healthy Horizons and approved in writing by Agency for Health Care Administration. Such expanded benefits are those services or benefits not otherwise covered or that exceed limits outlined in the Medicaid state plan handbook, the Florida Medicaid coverage and limitations handbooks and Florida Medicaid fee schedules. In instances where an expanded benefit is also a Medicaid covered service, Humana Healthy Horizons will administer the benefit in accordance with any applicable service standards, the Florida Medicaid state plan, and any Medicaid coverage and limitations.

If copayments are waived as an expanded benefit, the provider must not charge members copayments for covered services. If copayments are not waived as an expanded benefit, the amount paid to providers shall be the contracted amount for fee-for-service managed care plans, the Medicaid fee schedule amount, less any applicable copayments.

You can find updates to this provider resource guide on our [provider page](#). Your patients can view the following chart explaining their expanded benefits.
