The HumanaDental DHMO/Prepaid plans focus on maintaining oral health, prevention and cost-containment. Members may see a primary care dentist as often as necessary. There are no yearly maximums, no deductibles to meet and no waiting periods. HS plans copayments for listed procedures are applicable at either a participating general dentist or a participating specialist.

A primary care dentist (PCD) may decide that a member needs to see a contracted dental specialist. No referral is necessary to see a network specialist.

Specialists services: Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. Visit **Humana.com** to find a participating specialist.
