Implementation just got easier for your new and existing customers:

Launch My Group streamlines implementation with features specifically designed for your new and existing clients.

For new business:

- Enroll in all lines of business
- Post submission status tracks entry to issuance
- Fastest method to receiving Group and Member ID numbers
- Temporary dental and vision ID cards can be accessed shortly after Group number is issued

For existing business:

- Group number and tax ID prepopulates group information
- Make changes to current plans and add new lines
- Update group information
- Skip member enrollment when not adding new lines of business
- Autogenerates Group Maintenance form with only broker signature required
