

Know before you go: Estimate your dental costs

Try our dental cost estimator tool on MyHumana

Before your next dental visit, Humana's cost estimator can help you find out what dentists in your area may charge for dental procedures.

- Tool provides a range of dental costs estimates
- Compare costs between in-network and out-of-network dentists based on typical fees in your area
- Your dentist can help with exact costs based on what your Humana dental plan will cover
- You'll typically pay less for dental services if you see a dentist in Humana's dental network

Here's how you can find the cost estimator on MyHumana:

1. Sign in to MyHumana at [Humana.com](https://www.humana.com).
2. Click on the "**Coverage**" tab and select "**Plan Benefits.**"
3. Scroll to the bottom of the page and choose "**Estimate costs for dental services**" in the "**Resources**" section.

The dental cost estimator can help you know what costs to expect for dental services for in- and out-of-network dentists in your area. Then, your dentist can help you determine your actual cost of services.

This communication provides a general description of certain identified insurance or non-insurance benefits provided under one or more of our health benefit plans. Our health benefit plans have exclusions and limitations and terms under which the coverage may be continued in force or discontinued. For costs and complete details of the coverage, refer to the plan document or call or write your Humana insurance agent or the company. In the event of any disagreement between this communication and the plan document, the plan document will control.
