Be healthy

Good oral health means more than just an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist is integral to overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. The HumanaDental DHMO plan enables you to take better care of your teeth, and you'll pay less doing so.
