Subject: Home and Community-Based Services (HCBS) provider certification renewal

On Dec. 12, 2024, Indiana Health Coverage Programs published bulletin **BT2024200** regarding the Family and Social Services Administration Office of Medicaid Policy and Planning renewal of certifications for HCBS providers under specific waivers.

All HCBS provider certification renewal requests for PathWays waivers must be submitted through the OMPP HCBS certification portal. Provider compliance reviews are required by all HCBS waiver providers every 3 years. Noncompliance with this process will result in corrective action and ultimately decertification.

Providers will receive notification of their renewal 3 months prior to their due date.
