

## Prior Authorization Metrics for medical items and services (excluding drugs)

To comply with the CMS Interoperability and Prior Authorization final rule, Humana is required to annually report aggregated prior authorization metrics on our website. Specifically, this includes a list of all medical items and services (excluding drugs) that require prior authorization, as well as data on prior authorization requests for those items and services (e.g., approvals, denials, etc.) over the previous calendar year. Publicly reporting these metrics promotes transparency and accountability. For questions on the data below, members can contact the customer service number on the back of the member's ID card. Provider customer service can be contacted at 1-800-457-4708.
