Welcome to Humana Healthy Horizons® in South Carolina

The Comprehensive Drug List is effective on January 1, unless otherwise stated. This includes all covered drugs. The list may change during the year.

Definitions:

Preferred - Covered drug designated as a first choice within a therapeutic class.
Non-managed (non-PDL) - Non-preferred drugs typically require prior authorization.

What is the Comprehensive Drug List?
This is a list of drugs that are covered if they are medically necessary and are filled at a Humana network pharmacy. Other plan rules can apply.

How do I use the Comprehensive Drug List?
The list is in alphabetical order and some drugs have two names: a generic name and a brand name. Generic drugs are the same as brand drugs, but they have different names and lower prices. The Food and Drug Administration (FDA) makes sure that generic drugs are safe and work the same as brand drugs.

- **Level *** – Drug group known as non-managed drugs.
- **Level 1** – Includes covered medicines.

What if my drug is not on the Comprehensive Drug List?
You can look for your drug at Humana.com by signing into MyHumana. Then click "Pharmacy". You will see a tool that lets you search for your drug. Some drugs that are not on the list might be covered by your medical plan.

Your doctor can ask Humana to let you use a drug that is not on the list. For the most part, Humana will approve if the drugs on the list will not work as well OR would have a negative effect on your health. Your doctor can ask Humana to approve it by:

- Faxing the form found at **humana.com/provider/medical-resources/south-carolina-medicaid** to 877-486-2621.
- An online request at **Covermymeds.com/epa/Humana.**
- Calling Humana Clinical Pharmacy Review (HCPR) at **800-555-CLIN (800-555-2546)**.

Humana will make a decision based on your health needs within 24 hours after the request from your doctor.

Some drugs may have extra limits. This can include:

- **Prior authorization (PA):** Your doctor must get approval from Humana before these drugs are covered or you may pay the full cost of the drug.

- **Quantity limits (QL):** These drugs have a limit on how much you can get at one time. This is based on safety, health reasons, or how long your doctor wants you to take it (30, 60, or 90 days). If your doctor thinks you need more than the limit, there are two choices:
  - You can get the amount of drug that is covered by your plan;

    or

  - They can ask for prior authorization.

If your drug has a limit, your doctor can call Humana Clinical Pharmacy Review (HCPR) at **1-800-555-2546** between 8 a.m. – 8 p.m. EST, Monday – Friday. Humana will review and answer with-in 24 hours.

You can look at the Comprehensive Drug List on page 5 to see if your drug has any limits.

Can the Comprehensive Drug List change?
Yes. Drugs may be added or removed. We will let members know of changes by mail based on the Comprehensive Drug List notification rules of each state. Members can find the latest Comprehensive Drug List on **Humana.com**.

How much will I pay for covered medicines?
Drugs on the Comprehensive Drug List will have a $0 co-pay.

Please refer to your Member Handbook or call Member Services at the number on the back of your Humana member ID card to find out more about your pharmacy coverage.

For exact coverage and cost for existing members:
- Go to **Humana.com** and sign into MyHumana.
- Click “Pharmacy” and look for the “Drug List Search” tool.
- Type the name of your drug.

Please note: MyHumana only shows information for today.

For more information

If you want to learn more about your plan, please review your Member Handbook and other materials.

If you are already a member, please call the number on the back of your member ID card or sign into MyHumana.

If you want to join a plan, please call the Member Services number listed in your enrollment materials.

The Comprehensive Drug List on the next page has more information about some of the drugs covered.

How to read your Drug List
The first column lists drug names in alphabetical order. Brand drugs are listed in **UPPER CASE** and generic drugs are listed in lower case. The symbols by the drug names will tell you about the limits for that drug:

EDS – Extended Day Supply - This medicine may be available up to a 90-day supply. Pharmacy access and max day supply may vary by medicine.
NP (Non-PDL) - Non-PDL drugs typically require prior authorization.

The second column lists the drug level. Look at page 2 to learn more about the drug levels in your plan.

The third column shows the limits for the drug. Look at page 2 for more details on these limits for your plan.

DRUG NAME	DRUG LEVEL	UTILIZATION MANAGEMENT REQUIREMENTS	THERAPEUTIC CATEGORY NAME
acetaminophen 120 mg-codeine 12 mg/5 ml (5 ml) oral solution	1	QL(2700 per 30 days)	ANALGESICS
