

Network Notification – Humana Healthy Horizons in Louisiana

Notice date: October 14, 2024
To: Humana Healthy Horizons® in Louisiana provider network
From: Humana Healthy Horizons in Louisiana
Subject: Informational Bulletin 24-36: Third-Party Liability Carrier Code – Medicare Advantage Carrier Code Updates

In an effort to streamline Third Party Liability (TPL) identification and the claims adjudication process, the Louisiana Department of Health (LDH) has undertaken a consolidation project of the current **LDH Carrier Code listing** published.

Deactivating duplicate carrier listings when multiple records exist for the same insurance carrier will allow providers to identify the proper carrier code to report new or updated TPL as well as submit claims without having to report multiple carrier codes on the claims submission.

Effective October 1, 2024, the Humana Choice PPO carrier code (H99090) will be retired and the Humana Gold Plus carrier code (H19510) will be renamed Humana Medicare Advantage. Carrier code H19510 will be the default carrier code, and the name will change to Humana Medicare Advantage on the Louisiana Medicaid Management Information Systems carrier code list.

Please be advised this effort will result in existing coverage for some members to be updated to the default carrier code as identified below. Additionally, the consolidation to a default carrier code per insurance carrier will modify some existing carrier names to be less specific in the naming convention. When presented with a member's insurance card, providers should identify the record that belongs to that insurance carrier on the listing even if the full carrier name does not match the card verbatim.

The following duplicate carrier listings have been identified to date and will only be available under the one default record in accordance with the published effective date.
