You may submit your redetermination using any one of the following options:

- Complete the electronic version of the redetermination online in ABE Manage My Case at abe.Illinois.gov; or
- Complete your Medical redetermination over the phone by calling **800-843-6154/866-324-5553 TTY**; or

Get Care

®

When to go to urgent care or emergency care

When to go to an Urgent Care Center	When to go the Emergency Room
Urgent care is a great choice if you have a non-life-threatening illness or injury needing immediate treatment. You'll receive direct attention from doctors, nurses and other qualified medical professionals. Waiting times are usually shorter than in an emergency room and copays are often lower. Here are some of the conditions that urgent care is designed to treat: • Fevers • colds • Minor cuts and scraps • Earache	You should call 911 or go to the emergency room for any symptoms you may feel be a threat to your life or limbs. This may include • Stroke symptoms (sudden weakness, blurred vision, speech) • Heart attack • Open or severe bone fractures • Loss of consciousness • Difficulty Breathing • Severe bleeding If you believe you are having a behavioral health emergency call Illinois CARES 800-345-9049

Post-Stabilization care is care you get after you receive emergency medical services. This care helps to improve or clear up your health issue or stop it from getting worse. For emergency care coverage and/or post stabilization care, contact your Medicare, Medicare Advantage or Medicaid Plan.

Need help getting to care?

- Emergency Transportation
 - If you have a medical emergency dial **911**.
 - Call **911** if you need emergency transportation.
 - You don't need prior approval in an emergency.
- Non-emergency medical transportation

 - If you need a ride to your health care visit or to plan-approved locations call **888-563-9877** Monday – Friday 8 a.m. – 8 p.m. Local Time. This call is free.

Behavioral Health Services

Behavioral health care can help if you are dealing with stress, sadness, drug or alcohol use, or a mental health crisis. The care you need depends on what is going on in your life. Some of the Behavioral health services covered include:

- Alcohol or drug treatments

If you, your child, or someone you know needs help right away, call the IL CARES Hotline at **800-345-9049**.

Call if you are worried about someone's safety or if they may need care at a hospital for mental health needs.

The CARES Hotline is open **24 hours a day, 7 days a week, all year**. You can call whether you have Medicaid or not.

When you call, a CARES worker will talk with you about what is happening. They will ask questions to see what kind of help is needed.

If the person can get mobile crisis help, CARES will send a crisis worker to where the person is. The worker will arrive within 2 hours.

Health Risk Assessment

Each year you will complete a Health Risk Assessment, also called an HRA. The HRA asks questions about your health and daily habits. It helps us learn:

- What health needs you may have
- If you have health risks
- If you may need extra support from a Care Coordinator

To complete your HRA:

- Schedule your HRA with your care coordinator by calling Member Services **800-787-3311 (TTY: 711)**

Care Coordination

A care coordinator is like a health care coach. They can help you manage your care and use your benefits. Your care coordinator can:

- Meet you in person or by phone,
- Listen to your questions or concerns,
- Help you get care and services,
- Help find health problems early,
- Help set up care with your doctor,
- Help you, your family, or your caregiver understand your health needs, medicines, treatments.

Humana does not deny coverage for services or benefits because of moral or religious objections.

If you are not sure if a service is covered please contact Member Services at **800-787-3311 (TTY: 711)**.

Prior Authorization

Some services need prior approval from Humana before you get them. This is called prior authorization. This helps make sure the service is covered and needed for your health.

A service is medically necessary if it helps to:

- Save your life
- Keep you from getting very sick or disabled
- Find out what is wrong
- Treat an illness, injury, or disease
- Help you do daily activities like eating, dressing, and bathing

We will not pay for services from a provider that is not part of the Illinois network. You must get a prior authorization from us before getting the services.

You can ask for prior authorization for a service by:

- Completing prior authorization form located at provider.humana.com/coverage-claims/prior-authorizations/prior-authorization-lists and mailing it to:

P.O. Box 14822

Lexington, KY 40512-4822

- Calling Member Services at **800-787-3311 (TTY: 711)**
- Contacting your Care Manager if you have one.

Prior authorization is required for all out-of-network and all out-of-state care not related to emergency or post-stabilization services.

We may do a post-service utilization management review, which may include asking for medical records and reviewing claims for consistency with medical policies; clinical payment and coding policies; and accuracy of payment.

Grievance and Appeals

We hope you are happy with the service you get. If you are unhappy with anything about your care or service, please contact us. You have the right to file grievances and appeals.

A grievance and an appeal are not the same:

- A grievance is a complaint about something else. For example, you may be unhappy with Humana, a provider, or the service you receive.
- An appeal is when you ask Humana to review a decision we made to deny a benefit or service.

You can use the grievance or appeal process based on the problem you are having. During an appeal or State Fair Hearing, you can ask for copies of papers about your case. These copies are free. To ask for them, call Member Services at **800-787-3311 (TTY: 711)**.

Who will handle the hearing?

Your hearing will be led by an Impartial Hearing Officer who is approved to conduct State Fair Hearings. This person is neutral. That means the hearing office does not work for you or for Humana when making the hearing decision.

What happens after you ask for a State Fair Hearing?

After you ask for a hearing, the hearing office will send you a letter.

This letter will tell you:

- The date of the hearing.
- The time of the hearing.
- The place of the hearing, if it is in person.
- Other important details about the hearing process.

Please read this letter carefully. It will explain what to do next. Your hearing may be held:

- In person
- By phone
 - If the hearing is by phone, be sure to give the best phone number to reach you during business hours.
 - The hearing may be recorded.
- In another approved way

If you need help or special support

If you need special help for the hearing, tell the hearing office as soon as possible. This may include help such as:

- Language help
- Interpreter services

- Help for a hearing or vision disability
- Other help as needed

You can also have someone help represent you at the hearing. This person may be:

- A friend
- A family member
- A lawyer
- Another person you choose

You must give written permission for that person to represent you, unless that person is your legal guardian or is otherwise allowed by law.

Get ready for the hearing

Before the hearing, both sides may send in information to support their case. At least 3 business days before the hearing, you should receive Humana's evidence. This is the information Humana plans not use at the hearing. A copy will also be sent to the hearing officer. You must also send your information at least 3 business days before the hearing to:

- The hearing officer
- Humana (if required)

This may include:

- Medical records
- Letters from your provider
- Other papers that support your case
- A list of witnesses who will speak for you

It is important to send all of your information on time so it can be reviewed before the hearing.

Your rights during the hearing process

During the State Fair Hearing process, you may:

- Explain why you disagree with the decision.
- Send in more information.
- Review the information used in your case.
- Have someone represent you.
- Ask questions about the hearing process.

If you need copies of records related to your case, ask them as early as possible.

If you ask for a Medicaid State Fair Hearing and want your Humana benefits or services to continue during the hearing process, you must ask Humana within 10 calendar days from the date on our appeal decision letter.

Your benefits may continue until one of these happens:

- The original approval period ends.
- You cancel your appeal or hearing request.
- A final hearing decision is made that is not in your favor.
- You do not ask for continued benefits on time.

If the final decision agrees with Humana, you may have to pay for the services you received while your benefits continued.

When you will get a decision

You will usually get a decision within 90 days.

If the decision says Humana must cover the service, we will approve it as quickly as your health needs, but no later than 72 hours after we get the decision.

The Hearings Office will send you the final decision in a letter. You may also be able to see it online through your ABE Appeals Account.

If you kept getting services during the hearing and the final decision agrees with Humana, you may have to pay for those services.

External Review

Within 30 calendar days after the date on the Humana appeal decision notice, you may choose to ask for a review by someone outside of Humana. This is called an “external review”. The outside reviewer must meet the following requirements:

- Board-Certified provider with the same or similar specialty as your treating provider.
- Currently practicing.
- Have no financial interest in the decision.
- Does not know you and will not know your identity during the review.

External review is not available for appeals related to services received through:

- The persons who are elderly waiver.
- The persons with disabilities waiver.
- The Traumatic Brain Injury Waiver.

- The HIV/AIDS waiver.
- The home services program.

Your letter must ask for an external review and can be submitted by completing the form and mailing your request in writing to:

Department of Insurance, Office of Consumer Health Information
320 West Washington Street, 4th Floor
Springfield, Illinois 62767
Email: DOI.externalreview@illinois.gov
Online: <https://idoihelpcenter.illinois.gov/s/>

What Happens Next

- We will review your request to see if it meets the qualifications for an external review. We have five business days to do this. We will send you a letter letting you know if your request meets these requirements.
- You have five business days from the letter we send you to send any additional information about your request to the external reviewer.

The external reviewer will send you and/or your representative and Humana a letter with their decision within five calendar days of receiving all the information they need to complete their review.

Expedited External Review

If the normal time frame for an external review could jeopardize your life or your health, you and/or your authorized representative can ask for an expedited external review. You can do this over the phone or in writing.

To ask for an expedited external review:

- Call Member Services at **877-850-4740 (toll free) / 866-323-5321 (TDD/TTY)**
- Ask in writing. You can only ask once for an external review about a specific action. Send your letter to:

Department of Insurance, Office of Consumer Health Information
320 West Washington Street, 4th Floor
Springfield, Illinois 62767
Email: DOI.externalreview@illinois.gov
Online: <https://idoihelpcenter.illinois.gov/s/>

What Happens Next

- Once we receive a phone call or letter asking for an expedited external review, we will immediately review your request to see if it qualifies for an expedited external review. If it does, we will contact you or your representative.
- We will also send the necessary information to the external reviewer so they can begin their review. As quickly as your health condition requires, but no more than two business days after receiving all needed information, the external reviewer will make a decision about your request.
- They will verbally let you and/or your representative know what their decision is.
- They will also follow up with a letter including the decision to you and/or your authorized representative within 48 hours.

We do not reward providers or our own associates for denying coverage or services. We do not offer financial rewards to our associates that affects their decisions. We do not deny or limit the amount, length of time or scope of the service only because of the diagnosis or type of illness or condition. Any financial incentives for decision makers do not encourage decisions that result in under use of services.

Disenrollment

You can try us out for 90 days. You may leave Humana and join another health plan at any time during the first 90 days after you begin to receive health plan benefits. You don't have to have a reason to switch plans.

You can also switch health plans once every 12 months. This change happens through open enrollment.

If you want to leave Humana at any other time, you can do so only with a good reason (good cause). Some examples of good cause include:

- You move out of the service area.
- The plan does not cover the service enrollee seeks, because of moral or religious objections.

If you have a good cause reason to disenroll from Humana, you must submit your request using the grievance process. We will review the request within 10 days from when you filed the grievance. If you are unhappy with the disenrollment decision, we will refer the request to the Client Enrollment Services for the final decision. You could become ineligible

You may have to leave Humana if you:

- Change MCOs during open enrollment.
- Move out of the service area.
- Have other insurance or are in spend-down status.
- Become an inmate of a public institution.

Advance Directives

You have the right to make choices about your health care. An advance directive is a legal form that tells your doctors, health plan, and loved ones what care you want if you become too sick to make or share your own decisions.

Advance directives are optional. You can talk with your doctor, family, or someone you trust before completing one.

In Illinois, there are 4 types of advance directives:

- **Health Care Power of Attorney:** This lets you pick someone to make your health care decisions if you are too sick to decide for yourself. You can print one from the Illinois Department of Public Health (IDPH) website: <https://bit.ly/idphpowerofattorneyhealthcareform>
- **Living Will:** This tells your doctor and other providers what type of care you want if you are terminally ill. “Terminally ill” means your condition will not get better.
- **Mental Health Preference:** This lets you decide if you want to receive some types of mental health treatment that might be able to help you.
- **Do-Not-Resuscitate/Practitioner Orders for Life-Sustaining Treatment (DNR/POLST):** This tells your family, your doctors and other providers what you want to do in case your heart or breathing stops. It can also be used to write down your wishes for life-sustaining treatment.

Guardianship

What is a guardian?

- A guardian is an adult chosen by a court to legally be in charge of another person.

When will a guardian be chosen?

- A court will choose a guardian for someone who no longer can make safe choices. This is usually due to legal or mental incapacity. In certain situations, a minor also may have a guardian chosen for them.

Who can become a guardian?

- Any adult can seek to have guardianship appointed for another person. Usually, guardianship is requested by a family member.

Who appoints a guardian?

- Only a court can choose a guardian. The court that chooses a guardian is your local court. This could differ based on where you live. Call your local Health and Family services, local court, local lawyer, or local legal aid service for more information.

If you have any questions regarding guardianship, you should consult a qualified legal professional. This information is provided for general information purposes and is not intended to be legal advice.

Fraud, Waste and Abuse

What are fraud, waste and abuse?

Fraud is generally defined as knowingly and willfully executing, or attempting to execute, a scheme or artifice to defraud any healthcare benefit program or to obtain (by means of false or fraudulent pretenses, representations or promises) any of the money or property owned by, or under the custody or control of, any healthcare benefit program. (18 U.S.C. § 1347)

Waste is overutilization of services or other practices that, directly or indirectly, result in unnecessary costs to the healthcare system, including the Medicare and Medicaid programs. It is not generally considered to be caused by criminally negligent actions, but by the misuse of resources.

Abuse is payment for items or services when there is no legal entitlement to that payment and the individual or entity has not knowingly and/or intentionally misrepresented facts to obtain payment.

How to report fraud, waste and abuse

If you suspect fraud, waste or abuse in the healthcare system, you must report it to Humana and we'll investigate. Your actions may help improve the healthcare system and reduce costs for our members, customers and third parties.
