Humana Medicare Advantage makes it easy to get your dental care

Here are some tips to help you find an in-network dentist and receive dental benefits

Know your network

You have dental benefits through the **HumanaDental Medicare** network. To find an in-network dentist, use Humana's physician finder tool at **Humana.com/FindCare**.

1) Select your preferred distance and enter your preferred ZIP code.
2) Select a lookup method: Coverage Type, Member ID or Sign in. If you don't have your Member ID on hand or are unable to sign in, search under Coverage Type.
3) Under Coverage Type select "All Dental Networks" and "HumanaDental Medicare" network. Click select.
4) Narrow the search by one of the options in "Search Category" or simply click "all dental providers" to proceed to all results.

Know your benefits

You can access your plan's Evidence of Coverage in your secure member account at **MyHumana.com**. Medicare Advantage dental benefits cover specific procedure codes and coverage is subject to limitations. Your dental benefits are indicated by the DEN + 3 digits on the back of your Medicare Advantage member ID card.
Make your appointment and explain your coverage

When you make an appointment or arrive at the dentist's office say, **"I have dental benefits with my Humana Medicare Advantage plan. The dental benefits are provided by dentists in the Humana Dental Medicare Network."**

Present your card

You won't get—or need—a separate member identification card for your dental benefits. Your Humana Medicare Advantage member ID card contains the information you need.
