

Humana Healthy Horizons[®] in Kentucky Prior Authorization and Notification List (PAL)

The following list describes services that are commonly reviewed and may require additional clinical information.

Please note that the term “prior authorization,” also known as precertification and preadmission, refers to a process that requires healthcare providers to obtain advance approval from the plan as to whether an item or service may be covered.

“Notification” refers to the process by which a healthcare provider notifies Humana of the intent to provide an item or service. Humana requests notification to help coordinate care for Humana-covered patients. This process differs from prior authorization. Humana does not issue an approval or denial related to a notification.

Important notes:

- **Humana Healthy Horizons in Kentucky enrollees:**
 - In addition to the information noted above, certain services outlined in the Humana Healthy Horizons in Kentucky Prior Authorization and Notification List may not apply for providers affiliated with an independent practice association via a capitated or delegated arrangement. Please refer to your provider agreement for clarification.
 - Behavioral Health requirements may change. Please refer to [Kentucky Department for Medicaid Services Prior Authorization Guidance](#) for up-to-date information.
 - Exclusions may change. Please refer to [Humana.com/Provider](#) for up-to-date information. Choose “Authorization/Referrals” and then the appropriate topic.
 - The enclosed Prior Authorization and Notification List applies only to Humana Healthy Horizons in Kentucky. This list does not apply to Humana Medicare or other state Medicaid plans.

- **Urgent/emergent services do not require a referral or prior authorization.**

The absence of authorization and/or notification prior to the date of service could result in financial penalties for the practice and reduced benefits for the enrollee, based on the healthcare provider’s contract and the member’s Certificate of Coverage. Services or medications provided without prior authorization may be subject to retrospective medical necessity review. We recommend that an individual provider making a specific request for services or medications verify benefits and prior authorization requirements with Humana prior to providing services.

- **How to request prior authorization for medical and behavioral health services:** Except where otherwise noted on the following pages, healthcare providers can request prior authorization online, by phone or fax:
