

Network Notification – Humana Healthy Horizons in Louisiana

Notice date: May 1, 2023
To: Humana Healthy Horizons® in Louisiana Provider Network
From: Humana Healthy Horizons in Louisiana
Subject: Comprehensive Dental Care for Adults with Developmental or Intellectual Disabilities
Residing in an Intermediate Care Facility

On April 27, 2023, the Louisiana Department of Health (LDH) released Information Bulletin 23-7 in which it provided information about how to bill for comprehensive dental care for adults 21 years of age and older with developmental or intellectual disabilities residing in intermediate care facilities on and after May 1, 2023.

On June 10, 2022, Gov. John Bel Edwards signed into law Act 366 of the 2022 Regular Session. The Act provides for the coverage of comprehensive dental care for adults 21 years of age and older with developmental or intellectual disabilities who reside in an intermediate care facility (ICF).

An ICF will provide some diagnostic services, such as exams and some radiograph images. These services include D0120, D0150, D0210, D0240, D0272, and D0330. Providers should bill these services to the ICF.

Providers should bill the beneficiary's assigned Dental Benefit Plan Manager (DBPM) for the following services:

- Diagnostic services (excluding the codes listed above)
- Emergency care
- Endodontics
- Oral and maxillofacial surgery
- Orthodontics
- Periodontics
- Preventive services
- Prosthodontics
- Restorative services

DBPM Provider Manuals and the Medicaid DBPM Manual are being updated to incorporate the above information. Direct questions about claims for the above-referenced services to the appropriate DBPM:

- DentaQuest Provider Relations: 800-508-6785
- MCNA Dental Provider Relations: 855-701-6262
