

Network Notification – Humana Healthy Horizons in Louisiana

Notice date: April 3, 2023
To: Humana Healthy Horizons® in Louisiana Provider Network
From: Humana Healthy Horizons in Louisiana
Subject: Immunization update – Pneumococcal vaccine (15 valent) for ages 0 - 18

The Louisiana Medicaid Fee-for-Service (FFS) professional services file has been updated to include coverage of the pneumococcal 15 valent (PCV15) conjugate vaccine for Medicaid recipients under the age of 18, effective with dates of service on and after December 1, 2022.

Also, the Louisiana Department of Health updated its [“Children/Adolescents” Immunization Fee Schedule](#) to include this vaccine.

Claims for dates of service on and after December 1, 2022 that were denied as a result of the code not being on file for recipients ages 0 - 18 will be recycled. Each managed care organization (MCO), within 30 days of the published Medicaid fee schedule updates, must update their procedure files, if needed, to reflect these changes. MCOs also must recycle any affected claim within 15 days of procedure file revisions.

Affected providers do not need to do anything to trigger this work.
