Subject: Procedure for Submitting 148 Admission Forms
Effective date: January 25, 2023

Procedure for Submitting 148 Admission Forms

Effective immediately, the Louisiana Department of Health (LDH) is instructing nursing facilities to conform to a consistent way of submitting 148 Admission Forms for individuals admitting to a nursing facility to receive post-acute care services under a contract or single case agreement with a Medicaid managed care organization (MCO).

From the Provider Portal, the following fields should be entered:

Payment source = “Other”

Free form text = “Medicaid Managed Care – Humana Healthy Horizons in Louisiana for [dates of contract]”

Submitting 148 Admission Forms in this manner will allow the Long-Term Care Medicaid eligibility staff to account for single-case agreements in effect that could be severed via Fee-for-Service coverage being approved at admission date.

The Fee-for-Service eligibility consideration will start on the first day of the month of which the change from “Medicaid Managed Care” to “Medicaid Only” is reported by the provider via the 148 Status Change form.
