## Choose HumanaDental benefits

### Be healthy

Good oral health means more than just an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist is integral to overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. The HumanaDental Advantage Plus plan enables you to take better care of your teeth, and you'll pay less doing so.

# HumanaDental Advantage Plus 4S Plan with Ortho

Advantage Plus plans are network-based dental plans that emphasize prevention and cost containment. Members select any participating general dentist in HumanaDental's Advantage Plus network. Care received from an out-of-network dentist (except emergency care) is not a covered benefit. S plan copayments for listed procedures are applicable at participating General Dentists or participating Specialists. To find a dentist, call 1-800-979-4760 or look on **Humana.com**.

**Specialists services:** Should members need a specialist, (i.e., endodontist, oral surgeon, periodontist, pediatric dentist), they may be referred by a participating general dentist, or members can self-refer to any participating specialist. For HumanaDental Advantage Plus S plans, copayment amounts are applicable when treatment is performed by participating specialists. Visit **Humana.com** to find a participating specialist.
