

About your plan

Good oral health means more than an attractive smile. Research shows that oral health, preventive care and regular visits to the dentist are integral to overall health.¹

The Dental Value HI215 is a dental HMO plan that covers preventive, basic and major dental services provided by the primary care dentist of your choice from our dental network. This plan has no waiting periods, no claims to file, no annual maximum, and no deductibles. Copayments for listed services are applicable only at a participating primary care dentist. Visit [Humana.com/FindCare](https://www.humana.com/FindCare) to find a participating dentist.

Who can enroll in this plan – Anyone can enroll in this plan.

What to expect

- You will be required to choose a general dentist as your primary care dentist from our network when you enroll in this plan. If you wish to change your primary care dentist in the future, contact Customer Service or go to [HumanaOneMembers.com](https://www.humana.com/FindCare) to update your plan.
- The service copayments are paid directly to your primary care dentist when you receive dental care. Note, your primary care dentist may or may not provide services for all listed ADA codes.
- Services provided by specialists are not covered by these copays and in some instances are only available through a specialist, like oral surgery procedures. You may however receive services from an in-network specialist and may receive a 25% discount. To find an in-network dental provider, including specialists, visit [Humana.com/FindCare](https://www.humana.com/FindCare).

How your plan works

Consult the policy for a complete list of limitations and exclusions. Unless specifically stated otherwise, no benefits will be provided for, or on account of, the following items:

1. No service of any dentist other than a participating general dentist or participating specialist will be covered by us, except out-of-area emergency care as provided in emergency care section of this policy.
2. Any procedures not specifically listed as a covered benefit in the Schedule of Benefits and Member Copayments.

4. Any dental treatment started prior to the member's effective date for eligibility of benefits. This does not apply to orthodontic treatment in progress that was covered under the primary insured's prior plan. To be covered under this policy, orthodontic treatment must be shown on your Schedule of Benefits and Member Copayments and you must have the subsequent treatment provided by a participating provider.

7. Any service that is not consistent with the normal and/or usual services provided by the participating general dentist or participating specialist or which in the opinion of the participating general dentist or participating specialist would endanger the health of the member.
8. Any service or procedure which the participating general dentist or participating specialist is unable to perform because of the general health or physical limitations of the member.
9. Procedures, appliances or restorations to change vertical dimension, or to diagnose or treat abnormal conditions of the temporomandibular joint (TMJ); or replacement of lost, missing or stolen appliances.

11. Services provided by a participating pediatric dentist are limited to children through age seven.
