† Out-of-network dental providers have not agreed to provide services at contracted fees. The out-of-network provider may bill the member for more than what the plan pays. Members are responsible for this difference between Humana's reimbursement and the out-of-network provider's charges. This is known as balance billing. Benefits received are subject to any benefit maximums, limitations and/or exclusions. Network providers agree to bill us directly. If a provider who is not in our network is not willing to bill us directly, the member may have to pay upfront and submit a request for reimbursement. Elimination periods[‡] and other limitations may apply; please see your policy for coverage details.

‡ You may sometimes see elimination period referred to as waiting period.

An individual covered family member will receive benefits for covered services once they have met their individual deductible. The rest of the covered family members will receive benefits for covered services once they have met their individual deductible. The annual maximum benefit for each adult covered family member is shown above. Children age 19 and younger covered on the policy do not have an annual maximum.
