Member Enrollment and Eligibility

Medicaid eligibility

The South Carolina Department of Health and Human Services (SCDHHS) in the member's county of residence determines Medicaid eligibility.

SCDHHS provides eligibility information to Humana for members assigned to Humana. Eligibility begins on the first day of each calendar month for members joining Humana, except for members otherwise identified by the state.

New member kits

Each new member receives a new member kit and a welcome letter.

The new member kit contains:

- Information on how to get a copy of the Humana Healthy Horizons in South Carolina Provider Directory
- Information about accessing a member handbook, which includes information about plan benefits and services
- A health assessment survey
- Other preventive health education materials and information

We also send each new member a member ID card. We send the ID card separate from the new member kit.

Automatic primary care provider (PCP) assignment

We assign each new member a PCP. We choose this PCP based on one or more of the following criteria:

- If the member currently has a PCP in our provider network
- Based on where the member lives, if the member does not see or has not seen a PCP in our provider network
- Based on the age of the member (e.g., pediatric members are assigned to a pediatrician, adult members are assigned to a PCP who specializes in adult medicine, etc.)

If you want to see a PCP who is different than the PCP we assign you, please call member services at **866-432-0001 (TTY: 711)**, Monday – Friday, from 8 a.m. – 8 p.m., Eastern time.

How Managed Care Works

The Plan, Our Providers, and You

- Many people get their health benefits through managed care, which works like a central home for your health. Managed care helps coordinate and manage all your healthcare needs.
- Humana Healthy Horizons in South Carolina has a contract with the South Carolina Department of Health and Human Services to meet the healthcare needs of people with South Carolina Medicaid. In turn, Humana Healthy Horizons in South Carolina partners with a group of healthcare providers to help us meet your needs. These providers (e.g., doctors, pharmacists, therapists, specialists, hospitals, home care providers, and other healthcare facilities) make up our provider network.
- The Humana Healthy Horizons in South Carolina network of providers is there to support you. Most of the time, the provider you see most for your health care is your PCP. Your PCP can help if you need to schedule a test, see a specialist, or go into the hospital.
- Your PCP will have a system in place, if you need care after hours or weekends. If you call and must leave a message, be sure to include information about how to reach you. Your PCP will get back to you as soon as possible. Even though your PCP is your main source for health care, in some cases, you can go to other doctors for some services without checking with your PCP.
- You will find a list of healthcare providers in our provider directory. Refer to the provider directory section below.

Provider Directory

Humana Healthy Horizons in South Carolina will give you a Provider Directory if requested. The Provider Directory is a list of the doctors and providers you can use to get services, along with important information such as address, telephone numbers, specialty, and other qualifications. If there is any information that is not included in the directory that you would like to know such as the residency of the provider or the medical school they attended, please contact the provider office directly to ask. This list is called our provider network. Keep in mind our Provider Directory may change and you always can call us to see if we have added or removed any providers since the directory was printed. For more information about providers, or to see the most current version of our Provider Directory:

- Go to [Humana.com/SouthCarolinaDocuments](https://www.humana.com/SouthCarolinaDocuments)
- Call member services at **866-432-0001 (TTY: 711)**, Monday – Friday, from 8 a.m. – 8 p.m., Eastern time
- We will send you a free paper copy of the Provider Directory within 5 business days from when you request it.

Physician Finder (Find a doctor)

Our online Find a doctor service has information about care options in your area, including:

- In-network providers
- Other healthcare facilities
- Pharmacies
- Retail clinics
- Specialists
- Urgent care centers

To access our Find a doctor service, visit [Humana.com/FindADoctor](https://www.humana.com/FindADoctor).

Building a good relationship with your PCP as soon as you can is important. Please call your PCP's office as soon as you can after enrolling in Humana Healthy Horizons in South Carolina to schedule a visit. Take any past medical records to your first visit or ask that they be sent before your appointment. Your assigned or chosen PCP will want to get to know you and understand your healthcare needs.

- Household income changes. For example, increase or decrease in work hours, increase in pay rate, change in self-employment, beginning a new job, or leaving a job

- You or other members qualify for other health coverage such as health insurance from an employer, Medicare, Tricare, or other types of health coverage
- Changes in immigration status
- Being in jail or prison
- You start or stop filing a federal income tax return
- Changes to your federal income tax return. For example, you have a change in dependents or a change to the adjustments to taxable income on page one of the income tax form

Part I: First Things You Should Know

Your Primary Care Provider (PCP)

Your PCP is the main healthcare person who takes care of you on a regular basis. Your PCP gets to know your medical history. A PCP may be a physician, nurse practitioner, or physician assistant or another type of provider. He or she may be trained in family medicine, internal medicine, or pediatrics. Your PCP is your medical home and quickly will learn what is and is not normal for you. When you need medical care, you will see your PCP first. He or she will treat you for most of your routine health care needs.

If needed, your PCP will refer you to other doctors (specialists) or admit you to the hospital. Your PCP will work with you on all your health-related concerns.

You can reach your PCP by calling the PCP's office. Your PCP's name and phone number are on your member ID card. It is important to see your PCP as soon as you can. This will help your PCP get to know you and understand your healthcare needs. If you are seeing a new doctor, make sure to take all your past medical records with you or ask your previous doctor to send your records to your new doctor.

Choosing a PCP

As a Humana Healthy Horizons in South Carolina member, you can choose your own PCP. If you would prefer, you can choose a PCP that has the same cultural, ethnic, or racial background as you. There may be a reason that a specialist will be your PCP. Examples include but are not limited to, women who have diabetes while pregnant and members recovering from a heart attack. Just call member services at **866-432-0001 (TTY: 711)**. We can help you get the care you need and set you up with a PCP.

When choosing a PCP, consider a PCP who:

- You have seen before
- Understands your health problems
- Is accepting new patients
- Can speak in your preferred language
- Has an office that is easy for you to get to
- Each family member enrolled Humana Healthy Horizons in South Carolina can have a different PCP, or you can choose one PCP to take care of the whole family. A pediatrician treats children. Family practice doctors treat the whole family. Internal medicine doctors treat adults. Call member services at **866-432-0001 (TTY: 711)** to get help with choosing a PCP that is right for you and your family.
- You can find the list of all the doctors, clinics, hospitals, labs, and others who partner with Humana Healthy Horizons in South Carolina in our provider directory. You can visit our website to look at the provider directory online. You also can call member service to get a free copy of the provider directory which we will send you within 5 business days from when you request it.
- Women can choose an OB/GYN to serve as their PCP. Women do not need a PCP referral to see an in-network OB/GYN doctor or another in-network provider who offers women's healthcare services.
- Women can get routine check-ups, follow-up care if needed, and regular care during pregnancy.
- If you have a difficult health condition or a special healthcare need, you may be able to choose a specialist to act as your PCP.
- If your provider leaves our provider network, we will tell you within 15 days from when we know about this. If the provider who leaves is your PCP, we will contact you to help you choose another PCP.

If you need help finding a provider before you have an assigned PCP or choosing a PCP, please contact member services. We can help you get the care you need.

Special Cases

- Presumptively eligible ("presumptive eligible" – see page 12), you do not have to choose a PCP. Please note: We will assign presumptively eligible members a PCP, **but** these members are not required to see the PCP we assign.

What happens if you don't choose a PCP?

If you did not choose a PCP at the time of enrollment, we will choose one for you. You can find your PCP's name and contact information on your ID card. You can see your PCP starting on the first day you are enrolled.

Changing Your PCP

Choosing a PCP will help you take care of your healthcare needs. You may choose a PCP from the Humana Healthy Horizons in South Carolina Provider Directory. You can see that PCP starting on the first day you are enrolled. To view our directory, please visit [Humana.com/SouthCarolinaDocuments](https://www.humana.com/SouthCarolinaDocuments) or call member services at **866-432-0001 (TTY: 711)**.

We hope you are happy with your PCP. If you want to change your PCP for any reason, please call member services to let us know. We will make your change on the date you call.

We will send you a new member ID card that has information about your new PCP.

If you would prefer to have a PCP that has the same cultural, ethnic, or racial background as you, please call member services.

Humana Healthy Horizons in South Carolina may contact you if we see that you are receiving PCP services from a PCP that is not listed on your member ID card. Humana wants to ensure that you are always assigned to the PCP of your choice.

Sometimes PCPs tell us that they are moving away, retiring, or leaving our network. This is called a voluntary termination. If this happens with your PCP, we will let you know by mail within 15 days and help you find a new doctor.

Humana Healthy Horizons in South Carolina may notify you to change your PCP if your provider requests to no longer be your doctor.

It is important to keep your scheduled visits with providers. Sometimes things happen that keep you from going to the providers. If you must change or cancel your appointment, please call the provider's office at least 24 hours before your appointment or as soon as you can. It is always best to let your provider's office know if you can't be there.

How to Get Regular Health Care

We know you can get sick or hurt without warning. For most issues, your PCP:

- Can give you the care you need
- Can see you when you're well and when you're sick
- May be able to offer you a virtual care (telehealth) visit

See your PCP if you need care for:

Backache	Pain management
Cold/flu	Persistent cough
Constipation	Possible pregnancy
Dizziness	Rash
Earache	Restlessness
Headache	Sore throat
High/low blood pressure	Swelling of the legs and feet
High/low blood sugar	Taking out stitches

Joint pain	Vaginal discharge
Loss of appetite	

See your PCP for preventive care. This means making regular visits to your doctor even if you do not feel sick. Regular checkups, tests, and health screenings can help your doctor find and treat problems early before they become serious.

Examples of preventive care include immunizations; diabetes screening; obesity screening; and routine physicals for children, adolescents, and young adults, from birth to age 21.

You should visit your PCP within 90 days of joining Humana Healthy Horizons in South Carolina. When you visit your doctor:

- Always take your Humana Healthy Horizons in South Carolina member ID card
- Talk to your doctor about any healthcare concerns you have
- Talk to your doctor about the medicine you take
- Prepare in advance any questions you have for your doctor

“Regular health care” means exams, regular check-ups, shots, or other treatments to keep you well, give you advice when you need it, and refer you to the hospital or specialists when needed. It means you and your PCP work together to keep you well or to see that you get the care you need.

Day or night, your PCP is only a phone call away. Be sure to call your PCP whenever you have a medical question or concern. If you call after hours or on weekends, leave a message and where or how you can be reached. Your PCP will call you back as quickly as possible. Remember, your PCP knows you and how your health plan works.

Your PCP will take care of most of your healthcare needs, but you must have an appointment to see your PCP. If you cannot keep an appointment, call to let your PCP know.

- **If you need care before your first appointment**, call your PCP’s office to explain your concern. Your PCP will give you an earlier appointment. You should keep the first appointment to talk about your medical history and ask questions.
- It is important that you can visit a doctor within a reasonable amount of time, depending on what the appointment is for. When you call for an appointment, use the Appointment Guide below to know how long you may have to wait to be seen.

Emergencies

You are always covered for emergencies in and out of our service area. You have the right to go to any hospital or other setting for emergency care. Emergency services are for a medical problem that you think is so serious that it must be treated right away by a doctor. An emergency medical condition is a situation in which your life could be threatened, or you could be hurt permanently if you don't get care right away. Some examples of an emergency are:

Broken bones	Severe chest pain
Drug overdose	Severe vomiting
Loss of consciousness	Shortness of breath
Major burns	Uncontrolled bleeding
Rape	When pregnant, symptoms like pain, fever, vomiting, and/or vaginal bleeding
Seizures/convulsions	When you feel you may hurt yourself or others

To decide whether to go to an emergency room (ER), urgent care, or your PCP, ask yourself these questions:

- Is it safe to wait and call my doctor first?
- Is it safe to wait and make an appointment in the next day or two with my doctor?
- Is it safe to wait if I can get an appointment today with my doctor?

- If my doctor can't see me, is it safe to wait to be seen at an urgent care clinic?
- Could I die or suffer a serious injury if I don't get medical help right away?

You do not have to call us for an approval before you get emergency services. If you have an emergency, call 911 or go to the nearest ER. If you are not sure what to do, call your PCP for help, or you can call our 24-Hour Nurse Advice Line at 877-837-6952 (TTY: 711). Remember, if you have an emergency:

- Call 911 or go to the nearest ER. Be sure to tell them that you are a member of Humana Healthy Horizons in South Carolina. Show them your member ID card.
- If the provider that takes care of your emergency thinks that you need other medical care to treat the problem that caused it, the provider must call Humana Healthy Horizons in South Carolina.
- If you are able, call your PCP as soon as you can. Let him or her know that you have a medical emergency or have someone call for you. Then, call your PCP as soon as you can after the emergency to schedule any follow-up care.

If the hospital has you stay, please make sure that Humana Healthy Horizons in South Carolina is called within 24 hours.

Sometimes you get sick or injured while you are traveling. Here are some tips for what to do if this happens.

- If it's an emergency, call 911 or go to the nearest emergency room.
- If it's not an emergency, call your PCP for help and advice.
- If you're not sure if it's an emergency, call your PCP or our 24-Hour Nurse Advice Line at 877-837-6952 (TTY: 711). We can help you decide what to do. For example:
 - Tell you what to do at home
 - Tell you to come to the PCP's office
 - Tell you to go to the nearest urgent care or emergency room

If you go to an urgent care center, call your PCP as soon as you can. Let him or her know of your visit.

****Remember: Use the Emergency Department only if you have an emergency.**

Post-Stabilization Care

Post-stabilization care is care you get after you receive emergency medical services. This care helps to improve or clear up your health issue or stop it from getting worse. It does not matter whether you get the emergency care in or out of our network. We will cover services medically necessary after an emergency. You should get care until your condition is stable.

Urgent Care

You may have an injury or an illness that is not an emergency, but still needs prompt care and attention. Retail clinics and urgent care centers are:

- Convenient – Most open early, close late, and have weekend hours
- Quick – No appointment needed
- Staffed by trained professionals – Get treatment for a range of issues, including urgent flu-like symptoms, moderate stomach pain, small cuts, minor injuries, ongoing diarrhea, a child with an earache who wakes up in the middle of the night and won't stop crying, and wheezing

You can walk into an urgent care clinic to get care the same day or make an appointment for the next day. Whether you are at home or away, call your PCP any time, day or night. If you cannot reach your PCP, call member services. Tell the person who answers what is happening. She or he will tell you what you can do.

Long-Term Care

If you need services at a nursing facility for long-term care, we will help you. We will talk to your doctor and the facility to make sure you get the care you need. Once admitted to the nursing facility, Humana Healthy Horizons in South Carolina will cover services such as doctor's services, therapy services, oxygen, etc., if you are a member with us. Keep in mind that after 30 days in long-term care, you no longer may be eligible for Humana Healthy Horizons in South Carolina. Your nursing facility services will be covered by the Cabinet for Health and Family Services. If you have questions, please call member services at **866-432-0001 (TTY: 711)**.

Second Opinions

You have the right to a second opinion about your treatment, including surgical procedures and treatment of complex or chronic conditions. A second opinion means talking to a different doctor about an issue to get his or her point of view. This may help you decide if certain services or treatments are right for you. Let your PCP know if you want to get a second opinion.

You may choose any doctor in or out of our network to give you a second opinion at no cost. If you cannot find a doctor in our network, we will help you find a doctor. If you need to see a doctor that is not in the Humana Healthy Horizons in South Carolina network for a second opinion, you must get prior approval from us (see page 12 for a definition of prior approval/prior authorization).

Any tests for a second opinion should be given by a doctor in our network. Tests requested by the doctor giving you the second opinion must have the prior approval of Humana Healthy Horizons in South Carolina. Your PCP will look at the second opinion and help you decide the best treatment.

Family-planning services also are provided at qualified family-planning health partners (e.g., Planned Parenthood) who may not be part of the Humana Healthy Horizons in South Carolina network. Family-planning services and any follow-up services are confidential for you, including members who are younger than 18.

Before You Are Pregnant

It is never too early to prepare for a healthy pregnancy. If you are considering having a baby, you can do some things now to be as healthy as possible before you get pregnant to reduce potential problems during pregnancy:

- Make an appointment to see your doctor for a physical exam
- Talk with your doctor about what makes a healthy diet
- Talk with your doctor about your current medications
- Don't drink alcohol, smoke, or use illegal drugs

If you are pregnant, make an appointment with an obstetrician (OB). You can find an OB in your provider directory. If you need help, call member services at **866-432-0001 (TTY: 711)**. Be sure to make an appointment as soon as you know you are pregnant.

Your newborn will be automatically enrolled in Humana Healthy Horizons in South Carolina as of the month she or he is born. You may choose to enroll your newborn in another health plan after the baby is born by calling South Carolina Healthy Connections Choices 877-552-4642 (TTY: 877-552-4670).

Comprehensive Drug List (CDL)

Your provider will use the CDL to choose the best medicine to treat you and your condition. Occasionally, your provider may need to get our approval if he or she wants you to use a medicine that is not on our CDL. Your provider also will need to get approval if covered medicines have a limit such as:

- Age limit: covered for certain age group

- Prior authorization: requires approval before it can be covered

We will not cover some medications, including:

- Drugs used to help you get pregnant

- Drugs that are for cosmetic purposes or to help you grow hair
- Drug Efficacy Study Implementation (DESI) drugs and drugs that are identical, related, or like such drugs

- Drugs used for gender dysphoria according to South Carolina law

The CDL may change from time to time. New drugs are added or removed as needed. Don't worry; we will notify you if your medicine is removed from the CDL. You can find the most up to date CDL on our website at [Humana.com/SouthCarolinaDocuments](https://www.humana.com/SouthCarolinaDocuments).

Services NOT Covered

South Carolina Medicaid only pays for services that are medically necessary. Below are some of the services that South Carolina Medicaid does not pay for. If you use services that South Carolina Medicaid does not pay for, you will have to pay for them.

You will find many examples of service limitations or exclusions from coverage in the list below, including those due to moral or religious objections.

- Medical (non-ambulance) transportation
- Dental services
- Targeted case management (TCM) services
- Home- and community-based waiver services
- Medicaid Adolescent Pregnancy Prevention Services (MAPPS) family planning
- Early Intervention (EI) Services (if not provided as part of the BabyNet program)

This list does not include all services that are not covered. If your doctor does not cover your medical services because of moral or religious reasons, call member services for referrals or counseling. Humana Healthy Horizons in South Carolina does not cover all of your services. Some services may be covered by the State under Medicaid Fee-for-Service. If you have any questions you have about these services, you can contact SCDHHS toll-free at **888-549-0820**. To determine if a service is not covered, call member services at **866-432-0001 (TTY: 711)**.

If You Get a Bill

If you get a bill for a treatment or service you do not think you should pay for, do not ignore it. Call member services at **866-432-0001 (TTY: 711)** right away. We can help you

understand why you may have gotten a bill. If you are not responsible for payment, we will contact the provider and help fix the problem for you.

You have the right to ask for an appeal if you think you are being asked to pay for something Medicaid or we should cover. A State Fair Hearing allows you or your representative to make your case before an administrative law judge. See the appeals section in this handbook for more information. If you have any questions, call member services.

Part III: Plan Procedures

Prior Authorization

Certain covered services need a prior authorization. These are services Humana Healthy Horizons in South Carolina needs to approve before you get them. Your provider will ask for a prior authorization from us and should schedule these services for you. Humana Healthy Horizons in South Carolina will not pay for these services if they are done without prior approval. To find out if a service needs a prior authorization, you can call member services or you can access the prior authorization list on the website.

Prior Authorization Requests for Children under Age 21

Special rules apply to decisions to approve medical services for children under age 21 receiving Early and Periodic Screening, Diagnosis and Treatment (EPSDT) services. To learn more about EPSDT services, see page 56 or visit our website at [Humana.com/HealthySouthCarolina](https://www.humana.com/HealthySouthCarolina).

What Happens After We Get Your Prior Authorization Request

Humana Healthy Horizons in South Carolina Utilization Management (UM) makes sure you get the right amount of care you need when you need it. This is to make sure the care is appropriate and necessary. UM requests are reviewed carefully by our review team, which includes nurses, licensed behavioral health providers, and doctors. Their job is to be sure that the treatment or service you asked for or need is covered by Humana Healthy Horizons in South Carolina and is medically necessary.

Any decision to deny a prior authorization request or to approve it for an amount that is less than requested is called an **adverse action**. These decisions will be made by a doctor. You can request the specific medical standards, called **clinical review criteria**, used to make the decision for adverse actions related to medical necessity.

After we get your request, we will review it under either a **standard** or an **expedited** (faster) process. You or your doctor can ask for an expedited review if it is believed that a delay will cause serious harm to your health. If your request for an expedited review is denied, we will tell you and your case will be handled under the standard review process. In all cases, we will review your request as fast as your medical condition requires us to do so but no later than described in the next section of this handbook.

We will tell you and your provider in writing if your request is denied. We also will tell you the reason for the decision. We will explain what options you will have for an appeal or a State Fair Hearing if you don't agree with our decision.

Any decisions we make with your healthcare providers about the medical necessity of your health care are based only on how appropriate the care setting or services are.

We do not reward providers or our own staff for denying coverage or services. We do not offer financial rewards to our staff that affects their decisions. We do not deny or limit the amount, length of time or scope of the service only because of the diagnosis or type of illness or condition. Any financial incentives for decision makers do not encourage decisions that result in under use of services.

We may decide that a new treatment not currently covered by Medicaid will be a covered benefit. This might be new:

- Healthcare services
- Medical devices
- Therapies
- Treatment options

This information is reviewed by a committee of healthcare professionals who will decide about coverage based on:

- Updated Medicaid and Medicare rules
- External technology assessment guidelines
- Food and Drug Administration (FDA) approval
- Medical literature recommendations

You can call the member services to get any other information you want. You can find out about:

- Our structure and operation
- How we pay our providers
- How we work with other health plans if you have other insurance
- Results of member surveys
- How many members leave our plan
- Benefits, eligibility, claims, or participating providers

If you want to tell us about things you think we should change, please call member services at **866-432-0001 (TTY: 711)**.

Prior Authorization and Timeframes

We will review your request for a Prior Authorization within the following timeframes:

- **Standard review:** We will decide about your request within fourteen (14) Calendar Days of receiving the request
- **Expedited (fast track) review:** We will decide about your request, and you will hear from us within seventy-two (72) hours

Note: Both timeframes for standard and expedited reviews can be extended up to 14 calendar days if, the member, the member's authorized representative, or the provider requests an extension, or if the Humana Healthy Horizons in South Carolina justifies a need for additional information and the extension is in your best interest.

Once we decide based on medical necessity, you will be notified. **If we approve a service and you have started to receive that service, we will not reduce, stop, or restrict the service during the time it has been approved unless we determine the approval was based on information that was known to be false or wrong.**

If we deny a service, we will send a notice to you and your provider the day the service is denied. These notices are not bills. **You will not have to pay for any care you received that was covered by Humana Healthy Horizons in South Carolina or by Medicaid, even if Humana Healthy Horizons in South Carolina later denies payment to the provider.**

How You Can Help with Health Plan Policies

We value your ideas. You can help us develop policies that best serve our members. Maybe you would like to work with one of the member committees at Humana Healthy Horizons in South Carolina, like:

- Technical Advisory Committees (TAC) - TACs act as advisors to the Advisory Council for Medical Assistance. Each TAC represents a specific provider type or are individuals representing Medicaid beneficiaries

Call member services at **866-432-0001 (TTY: 711)** to learn more about how you can help.

Appeals

If you are unhappy with a decision or action we take, you or your authorized representative can file an appeal. You must file your appeal within 60 calendar days from the date on the Notice of Adverse Benefit Determination, you receive from us. You can file by calling or writing to us. We will not treat you any differently or act badly toward you because you file an appeal.

An appeal is defined as a request for Humana to review a decision to deny, reduce, or end a service or other adverse benefit determination.

An Adverse Benefit Determination is:

- The denial or limited authorization of a requested service.
- The reduction, suspension, or termination of a previously authorized service.

- The denial of payment for a service.
- The failure to provide services in a timely manner.
- The failure of Humana to resolve appeals and grievances within timeliness requirements.
- For a resident of a rural area with only one Managed Care Organization, the denial of a member's request to exercise his or her right to obtain services outside the network.
- The denial of a member's request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, and other member financial liabilities.

If needed, we can help you file an appeal. You also can get help from others. People who can help you are:

- Someone you choose to act for you with your written consent
- Your legal guardian
- A provider you choose to act for you with your written consent
- Interpreters that we will provide to you if needed

You can file an appeal by:

- Calling member services at **866-432-0001 (TTY: 711)**
- Filling out the form in the back of this handbook and sending it to us at the address below
- Writing us a letter
 - Be sure to put in the letter your first and last name, the member number from the front of your member ID card, and your address and phone number. Having this information will allow us to contact you if we need to. You also should send any information that helps explain your appeal
 - Mail the form or letter to:

Grievance and Appeals Department
P.O. Box 14546
Lexington, KY 40512-4546
 - Faxing your appeal to 1-800-949-2961
- Using our online grievance and appeal submission process at [Humana.com/SouthCarolinaGrievance](https://www.humana.com/SouthCarolinaGrievance) or via your MyHumana account

We will send you a letter within five (5) business days from the receipt of your appeal request to let you know we received it.

If waiting the 30-day timeframe to resolve an appeal could seriously harm your health, we will expedite your appeal. An expedited appeal request may be made by you or someone you choose to act for you with your written consent.

For your appeal to be expedited, it must meet the following criteria:

- It could seriously jeopardize your life, physical or mental health, or ability to attain, maintain, or regain maximum function

We make decisions on expedited appeals within 72 hours or as fast as needed based on your health. Negative actions will not be taken against:

- A member or provider who files an appeal
- A provider that supports a member's appeal or files an appeal on behalf of a member with written consent

If it is in your best interest, we will extend the timeframe of your appeal or expedited appeal by up to 14 calendar days. You also may request that we extend the decision timeframe if needed. If we extend the timeframe for your appeal or expedited appeal, we will make reasonable efforts to give your prompt oral notice of the delay, and give you written notice within two (2) calendar days of the reason for the decision to extend the timeframe. If we need more information to make either a standard or an expedited decision about your appeal and it is in your best interest for us to receive that information, we will:

- Extend the decision timeframe by up to 14 calendar days
- Write you and tell you what information is needed
- Inform you of your right to file a grievance if you disagree with us taking an extension

You or someone you choose to act for you may:

- Review all the information used to make the decision
- Provide more information throughout the appeal review process
- Examine your case file before and during the appeals process
 - This includes medical, clinical records, other documents and records, and any new or additional evidence considered, relied upon, or generated in connection with the appeal
 - This information shall be provided, upon request, free of charge and sufficiently in advance of the resolution timeframe

Timeframes for Appeals

It is important that we receive any important information before our timeframe to decide on your appeal ends. The timeframe begins when we receive your appeal, whether it was received verbally or in writing.

- **Standard appeals:** We will tell you about our decision in writing within 30 days from receiving your appeal
- **Expedited (fast track) appeals:** We will call you and send you a written notice of our decision within 72 hours from receiving your appeal

State Fair Hearings

You also have the right to ask for a State Fair Hearing from the South Carolina Department of Health and Human Services (SCDHHS) after you have completed the Humana Healthy Horizons in South Carolina appeal process. If you do not agree with our decision, a State Fair Hearing is your opportunity to give more information and facts, and to ask questions about the decision before an administrative law judge. The judge in your State Fair Hearing is not part of Humana Healthy Horizons in South Carolina in any way.

You can request a fair hearing in writing, by mail, or by fax. You must ask for a hearing within 120 days from the date you receive our appeal decision letter.

Call: 1-803-898-2600 (toll free: 1-800-763-9087)

Write the South Carolina Department for Health and Human Services Division of Appeals and Hearings at 1801 Main Street, P.O. Box 8206, Columbia, SC 29202

Fax: 1-803-255-8206

Email: appeals@scdhhs.gov

Website: <https://msp.scdhhs.gov/appeals/>

To qualify for a State Fair Hearing, your letter should:

- Be mailed or filed within 120 days from the day you receive our decision about your appeal
- Explain why you need a State Fair Hearing
- Give the day of the service and the kind of service that was denied. Include a copy of the last appeal decision letter you got from us

The hearings officer will send you a letter with the date and time for your hearing. Before the actual State Fair Hearing, there is a Pre-Hearing Conference that is between the member and SCDHHS liaison to try to resolve the issue. The letter also will explain the hearing process. If you do not want to speak or are unable to speak for yourself, you can choose someone to speak for you at the hearing. You can request the State Fair Hearing, or you can ask someone to do it for you. You can choose anyone you want, including a friend, your doctor, a legal guardian, a relative, or an attorney to speak for you. If you pick a person to do the State Fair Hearing for you, that person is your Authorized Representative. If you didn't already do so during the appeal, you must fill out a consent form to let someone else speak for you.

If you filled out a consent form for the appeal, they'll be able to speak for you. If you didn't, you can still call us to get one for the State Fair Hearing.

If you request a State Fair Hearing and want your Humana Healthy Horizons in South Carolina benefits to continue, you must file a request with us (Humana) within 10 calendar days from the date the Notice of Plan Appeal Resolution is mailed. Your request must also meet other requirements outlined below in the Continuation of Benefits section.

If you have an urgent health condition, ask for an expedited hearing. SCDHHS will decide on your appeal within 3 business days of receiving your hearing request. If your health condition is not urgent, the state's standard timeframe for reaching a decision is 90 calendar days.

Continuation of Benefits

For some adverse benefit determinations, you may request to continue services during the appeal and State Fair Hearing process. Services that can be continued must be services that we previously approved and you already are receiving as ordered by an authorized provider, including services that we are reducing, suspending, or terminating.

If you request continuation of services within ten (10) calendar days from our notice of adverse benefit determination letter, or before the date we told you they would be reduced or terminated, whichever is later, your benefits will continue until one of the following occurs:

- Ten (10) days after we mail the appeal decision
- You withdraw your appeal
- Following a State Fair Hearing, the administrative law judge issues a decision that is not in your favor

If the appeal was denied and you request a State Fair Hearing with continuation of services within ten (10) calendar days of the date on the appeal resolution letter, your services will continue during the State Fair Hearing process. (See the State Fair Hearing section.)

However, if the outcome of the appeal remains the same as the first decision to deny your service, you may be required to pay for these services.

Call member services at **866-432-0001 (TTY: 711)**. If needed, we can help you file a grievance. You also can get help from others. People who can help you include:

- If you choose to leave Humana Healthy Horizons in South Carolina, we will share your health information with your new plan.
- You can finish receiving any services that have already been authorized by your previous health plan. After that, we will help you find a provider in our network to get any additional services if you need them.

 - You are pregnant when you join Humana Healthy Horizons in South Carolina, and you receive services from a behavioral health treatment provider. In that case, you can keep your provider until after your delivery.
 - If your provider leaves the Plan network, you can continue to receive necessary services from the provider until either you have finished the course of treatment or until the provider has released you to see another provider who is within the Plan's provider network or through the postpartum period for members in their second or third trimester of pregnancy.
- Healthy Horizons in South Carolina will tell you in writing at least 30 days from when we know about this. This letter will tell you how you can choose a new PCP or that we will choose one for you if you do not make the choice.

If your provider leaves the Plan network, we will notify you within fifteen (15) days of receipt or issuance of the termination notice or no less than thirty (30) days prior to the provider termination date. We will also tell you how you can select a new PCP or specialty provider and we will work to assist you in finding a provider if you need help.

Ending Your Membership

We want you to be happy with Humana Healthy Horizons in South Carolina. Please let us know about your problems or concerns. We can help you.

You may ask to stop your membership with Humana Healthy Horizons in South Carolina. You can do this for any reason during your first 90 days of your enrollment or at the time of re-enrollment.

After the first 90 days, you may ask to stop your membership for cause. This means you have a special reason that you need to end your membership. Some examples of good cause are:

- You move out of our service area
- Your PCP is no longer in our network
- You lack access to covered services
- You can't access a qualified provider to treat your medical condition

You can ask to change plans. To change plans, you can request to do so by writing or calling South Carolina Department of Health and Human Services (SCDHHS) with your reason(s) for the request.

If your request to change is not approved by the Department based on your appeal, then you may request a State Fair Hearing. You must send a written request for a hearing to ask for disenrollment. The request must have the reason you are asking to be disenrolled.

You may change to a different managed care plan during the annual open enrollment period. You will get a letter from the SCDHHS each year. It will let you know when your open enrollment period is and how to change plans.

You Could Become Ineligible for Medicaid Managed Care

You will be disenrolled from Humana Healthy Horizons in South Carolina if you:

- Lose your Medicaid eligibility
- Stay in a nursing home for more than 30 days in a row
- Become eligible for Medicare
- Abuse or harm health plan members, providers, or staff
- Do not fill out forms honestly or do not give true information (commit fraud)

If you become ineligible for Medicaid, all your services may stop. If this happens, call South Carolina Department of Health and Human Services.

Advance Directives

Advance Directives are forms you fill out in case you become seriously ill or not able to make your own healthcare decisions. Doctor's offices and hospitals may have these forms available. If you haven't thought about this, now is a good time to start. You may want to talk to your family, too. However, Advance Directives are always voluntary. You must be older than 18 years old to have an Advance Directive.

Advance Directives can give you peace of mind knowing your choices about your medical treatment will be voiced and followed. They let your doctors and others know how you want to be treated or who you want making healthcare decisions for you if you get very sick.

You sign them while you are still healthy and able to make these decisions. They are only used when you are too ill or not able to communicate. They allow you to express if you would like things done to keep you alive or name someone to make healthcare decisions for you. You have the right to cancel your advance directives at any time as long as you're able.

You can change your advance directives whenever you want. You should give copies to your provider and health care facility to put into your medical record. Give one to a trusted family member or friend and keep a copy for your records

South Carolina law requires us, your family, doctor, and other healthcare providers to honor your valid Advance Directives unless the law provides an exception.

Federal law gives you the right to file a grievance with Humana Healthy Horizons in South Carolina Department of Public Health.

Advance Directives in South Carolina

In South Carolina, there are different types of Advance Directives. Advance Directives may include: (1) Physician Orders for Scope of Treatment (POST) forms, (2) Living Wills, (3) Healthcare Power of Attorney and (3) Mental Health Treatment Directives. We will notify you within ninety (90) days of changes in rules and regulations for these Advance Directives and notify your PCP and member services staff.

Physician Orders for Scope of Treatment (POST)

A POST is a document used as part of advanced care planning which is limited to situations where a patient has been diagnosed with serious illness or, based upon medical diagnosis, may be expected to lose capacity within twelve months and consists of a set of medical orders signed by a patient's physician addressing key medical decisions consistent with patient goals of care concerning treatment at the end of life. Unlike other types of Advance Directives, a POST is a physician's order to which you have agreed. It is a standardized form used to complement other types of Advance Directives you may have.

POSTs are not intended to address all your healthcare decisions. You still may need other types of Advance Directives.

Living Will

A Living Will allows you to leave instructions in these important areas. You can:

- Name a Healthcare Surrogate
- Refuse or request life-prolonging treatment
- Refuse or request artificial feeding or hydrations
- Express your wishes regarding organ donation

When you name a Healthcare Surrogate, you allow one or more persons, such as a family member or close friend, to make healthcare decisions for you if you lose the ability to decide for yourself. When choosing a Healthcare Surrogate, remember that the person you name will have the power to make important treatment decisions, even if other people close to you might want a different decision.

Choose the person best qualified to be your Healthcare Surrogate. Also, consider picking a back-up person, in case your first choice isn't available when needed. Be sure to tell the person that you have named them as a Healthcare Surrogate and make sure that the person understands what's most important to you. Your wishes should be laid out specifically in the Living Will.

A Living Will allows you to make your wishes known regarding life-prolonging treatment and artificial feeding or hydrations so your Healthcare Surrogate or doctor will know what you want them to do. You also can decide whether to donate any of your organs in the event of your death. If you decide to make a Living Will, be sure to talk about it with your family and your doctor.

Living Wills must be in writing. They must be signed and dated by you and witnessed by two adults or one notary.

Mental Health Treatment Directive

You also may state your specific preferences regarding the mental health treatment you may or may not wish to receive in the event you become unable to make your own decisions regarding mental health treatment. For example, you may not want certain types of medication or treatment.

Mental Health Treatment Directives must be in writing. They must be signed and dated by you and witnessed by two adults or one notary.

For more information on how you can state your preferences on the mental health treatment you wish to receive, please visit Humana.com.

Others Who May Make Healthcare Decisions for You

If you do not have an Advance Directive and you are not able to make healthcare decisions, South Carolina law still lets others make decisions for you. Other people may be a(n):

- Adult child
- Attorney
- Guardian
- Next-of-kin

- Parent
- Spouse

If you have any questions regarding Advance Directives, you should consult a qualified legal professional. This information is provided for general information purposes and is not intended to be legal advice.

Healthcare Power of Attorney

A healthcare power of attorney is a legal document in which you can name one or more people as your healthcare agents to make medical and behavioral health decisions for you as you become unable to decide for yourself. You can always say what medical or behavioral health treatments you would want and not want. You should choose an adult you trust to be your healthcare agent. Discuss your wishes with the people you want as your agents before you put them in writing.

Again, it is always helpful to discuss your wishes with your family, friends, and your doctor. A healthcare power of attorney will go into effect when a doctor states in writing that you are not able to make or to communicate your healthcare choices. If, due to moral or religious beliefs, you do not want a doctor to make this determination, the law provides a process for a non-physician to do it.

Fraud, Waste, and Abuse

We have a comprehensive fraud, waste, and abuse program in our Special Investigations Department. It is designed to handle cases of managed care fraud. Help us by reporting questionable situations.

Fraud can be committed by providers, pharmacies, or members. We monitor and act on all provider, pharmacy, or member fraud, waste, and abuse.

Examples of provider fraud, waste, and abuse include doctors or other healthcare providers who:

- Prescribe drugs, equipment, or services that are not medically necessary
- Fail to provide patients with medically necessary services due to lower reimbursement rates
- Bill for tests or services not provided
- Use wrong medical coding on purpose to get more money
- Schedule more frequent return visits than are medically necessary
- Bill for more expensive services than provided
- Prevent members from getting covered services resulting in underutilization of services offered
- Agent Fraud

Examples of pharmacy fraud, waste, and abuse include:

- Not dispensing medicines as written

- Submitting claims for a more expensive brand name drug that costs more, but you get a generic drug that costs less
- Dispensing less than the prescribed quantity and then not letting the member know to get the rest of the drug

Examples of member fraud, waste, and abuse include:

- Inappropriately using services, such as selling prescribed narcotics or trying to get controlled substances from more than one provider or pharmacy
- Changing or forging prescriptions
- Using pain medications that you do not need
- Sharing your member ID card with another person
- Not disclosing that you have other health insurance coverage
- Getting unnecessary equipment and supplies
- Receiving services or picking up medicines under another person's ID (identity theft)
- Giving wrong symptoms and other information to providers to get treatment, drugs, etc.
- Too many ER visits for problems that are not emergencies
- Misrepresenting eligibility for Medicaid

Members who are proven to have abused or misused their covered benefits may:

- Be required to pay back money that we paid for services that were determined to be a misuse of benefits
- Be prosecuted for a crime and go to jail
- Lose Medicaid benefits
- Be locked in to one PCP, one controlled substance provider, one pharmacy, and/or one hospital for non-emergency services

Quality Measures

Humana Healthy Horizons in South Carolina continually assesses and analyzes the quality of care and services offered to our members. We use objective and systematic monitoring and evaluation to improve outcomes.

We use HEDIS to measure the quality of care delivered to members. HEDIS is one of the most widely used means of healthcare measurement in the United States. HEDIS is developed and maintained by the NCQA.

The HEDIS tool is used by America's health plans to measure important domains of care and service. It allows for comparisons across health plans in meeting state and federal performance measures and national HEDIS benchmarks.

HEDIS measures are based on evidence-based care and address the most pressing areas of care. Potential quality measures for Humana are related to:

- Wellness and prevention
- Preventive screenings (e.g., breast cancer, cervical cancer, chlamydia)
- Well-childcare
- Chronic disease management
- Comprehensive diabetes care
- Controlling high blood pressure
- Maternal health
- Behavioral health
- Follow-up after hospitalization for mental illness
- Antidepressant medication management
- Follow-up for children prescribed ADHD medication
- Safety
- Use of imaging studies for low back pain

Humana Healthy Horizons in South Carolina uses the annual CAHPS surveys to capture member perspectives on healthcare quality. CAHPS is a program overseen by the United States Department of Health and Human Services – Agency for Healthcare Research and

Quality (AHRQ).

Potential CAHPS measures the plan uses are:

- Customer service
- Getting care quickly
- Getting needed care
- How well doctors communicate
- Ratings of all health care, health plan, personal doctors, and specialists

Preventive Guidelines and Clinical Practice Guidelines

Humana Healthy Horizons in South Carolina recommends evidence-based nationally accepted standards and guidelines to help inform and guide the clinical care provided to Humana Healthy Horizons in South Carolina members. The use of these guidelines allows us to measure the impact of the guidelines on outcomes of care. Review and recommendation of the guidelines are completed by the Humana Clinical Practice Guideline Committee. The guidelines are approved by the Humana Corporate Quality Improvement Committee. The guidelines are then presented to the Humana Healthy Horizons in South Carolina Quality Assurance Committee. Topics for guidelines are identified through analysis of members. Guidelines may include, but are not limited to:

- Behavioral health (e.g., depression)
- Adult health (e.g., hypertension, diabetes)
- Population health (e.g., obesity, tobacco cessation)

Information about clinical practice guidelines and health information are made available to Humana Healthy Horizons in South Carolina members via member newsletters, the Humana Healthy Horizons member website (Humana.com/HealthySouthCarolina), or upon request.
