2026 Medicare Star Rating Program learning series

Scan the QR code to access this flyer and register from your device.

Humana's Medicare Stars Learning team is pleased to offer a series of live facilitated educational opportunities in 2026.

Identify the measures covered in each topic

The next page outlines the webinar topics and the measures covered by each. **Get started here.**

Get registered

On your computer

1. Choose a topic from the menu at the right to view available sessions.
2. While holding the control button (command for Mac), click "Register" next to the session you would like to attend.
3. Complete the registration process.

On your mobile device

1. Scan the QR code at the top of this flyer.
2. Tap the session you would like to attend.
3. Complete the registration process.

Check out these registration tips

Please do not forward the meeting link that you will receive upon registration.

You are welcome and encouraged to forward this flyer.

- Links for each session are embedded in the tables. You may register for as many sessions as you like.
- After completing registration, you will receive a confirmation email containing information about how to join the meeting. A link in the confirmation email allows you to add this meeting to your calendar.
- Registration must take place prior to the event. Only registered participants will be eligible for CMEs on the appropriate sessions.

Topics and quality measures

The table below outlines the topics and quality measures associated with each webinar.

Webinar title	Topics covered and applicable quality measures	
Care coordination	• Follow-Up After Emergency Department Visit for People with Multiple High-Risk Chronic Conditions (FMC) • Plan All-Cause Readmissions (PCR) • Transitions of Care (TRC), including NIA, RDI, PED and MRP	
CMS Statin Requirements for CME	• Statin Use in Persons with Diabetes (SUPD) • Statin Therapy for Patients with Cardiovascular Disease (SPC)	
Condition management	Cardiovascular measures	• Controlling High Blood Pressure (CBP) • Statin Therapy for Patients with Cardiovascular Disease (SPC)
	Diabetes measures	• Glycemic Status Assessment for Patients with Diabetes (GSD) • Eye Exam for Patients with Diabetes (EED) • Kidney Health Evaluation for Patients with Diabetes (KED)
Intro to Stars for providers	Discussion of the Star measures and related resources, including: • Measure requirements and Star Ratings for plan administrators and providers • Star measure design, including measure categories and the domains that define them	
Medication management	• Medication adherence for cholesterol, diabetes and hypertension • Statin Use in Persons with Diabetes (SUPD) • Medication Reconciliation	
Patient experience	• Humana's Patient Experience survey • CMS survey: Consumer Assessment of Healthcare Providers and Systems (CAHPS®) • CMS survey: Health Outcomes Survey (HOS)	
Preventive screenings	• Breast Cancer Screening (BCS) • Colorectal Cancer Screening (COL) • Osteoporosis Management In Women Who Had a Fracture (OMW)	
Polypharmacy and opioid use	• Use of Multiple Anticholinergic Medications in Older Adults (POLY–ACH) • Concurrent Use of Opioids and Benzodiazepines (COB) • Use of Multiple Central Nervous System-Active Medications in Older Adults (POLY–CNS)	
Setting up your practice for Stars Success	The various components of Stars success are many and sometimes difficult to understand and put into place. This webinar will help all office staff members connect to the measures that they specifically impact. In addition, we'll suggest processes and best practices to position you for the best Stars outcome and closing care opportunities.

Stars CME sessions

Qualified for one continuing medical education (CME) credit for clinicians.
Register individually and do not forward the meeting link.

- **CMS statin requirements:** A Humana pharmacist will discuss Centers for Medicare & Medicaid Services (CMS) requirements for statin prescriptions for diabetes and cardiovascular conditions.
- **Patient experience:** These sessions will dive into how Patient Experience is measured by CMS through the Consumer Assessment of Healthcare Providers and Systems (CAHPS®) and Health Outcomes Survey (HOS). In addition, the purpose of the Humana Patient Experience survey will be discussed, and resources and practical ways to enhance the overall patient experience will be provided
- **Polypharmacy and opioid use:** A Humana pharmacist will explain the meaning of polypharmacy and introduce measures that address duplication, over-prescribing opioids and avoiding pharmacy errors.

January	No January CME sessions
