

During your Benefits Open Enrollment take a look at the Humana Dental plan

It will make you smile—and make it easy to prioritize your dental care.

Why choose the Humana DHMO HS205 plan?

A DHMO plan lets you know costs for dental services upfront, helping you budget effectively. Plus, DHMO plans have a lot to offer:

- It's one of your lower-cost plan options.
- \$0 cost for exams, cleanings and X-rays.
- No annual maximums (other plans may have a maximum amount that will be covered).
- No waiting periods (some plans have waiting periods)
- No deductibles (many plans have deductibles)
- Set copays for all your dental care
- Adult and child orthodontia coverage
- Before accessing care with a DHMO plan you need to select a primary care dentist (PCD) from our network and contact Humana with your PCD selection.
- Self-referral to a specialist

To learn more about your DHMO plan, including selecting a PCD, attend an enrollment meeting or go to Your.Humana.com/hca.
