

About your plan

Humana knows that good vision health is important to overall health. That's why we're committed to making sure that members get the most value from their vision benefit.

Having your eyes checked every year can help detect vision-related complications, including glaucoma, cataracts, and diabetic retinopathy – the leading cause of blindness among adults¹ and the most common eye complication in diabetic patients².

With the Humana Vision PLUS plan, members have access to America's largest vision network*, with optometrists and ophthalmologists at more than 214,000 access points†, including both independent and national retail locations such as LensCrafters®, Pearle Vision®, and Target Optical®. Visit **Humana.com/FindCare** to find a network provider near you.

Staying in-network helps you save money on eye exams, frames and lenses.

You also have access to exclusive, member-only special offers and discounts to use above and beyond your vision benefit; they are not part of the insurance plan. Please contact your provider or see the online provider locator to determine which participating providers have agreed to the discounted rate. New offers are added often, so have a look before scheduling your next eye exam.

Who can enroll in this plan – Anyone can enroll in this plan.

- Purchase eyewear and contact lenses at the provider's office or on-line with a valid prescription.

Additional details:

Member may receive a 20% discount on items not covered by the plan at in-network locations. Discount does not apply to provider's professional services or contact lenses. Plan discounts cannot be combined with any other discounts or promotional offers. In certain states members may be required to pay the full retail rate and not the negotiated discount rate with certain participating providers. Please see our online provider locator to determine which participating providers have agreed to the discounted rate. Discounts on vision materials may not be applicable to certain manufacturers' products. The Plan reserves the right to make changes to the products on each tier and to the member out-of-pocket costs. Fixed pricing is reflective of brands at the listed product level. All providers are not required to carry all brands at all levels. Service and amounts listed above are subject to change at any time.

Members may receive a 15% discount off retail price or may receive 5% off any promotional price of Lasik or photorefractive keratectomy (PRK) laser correction procedures. Lasik or PRK correction procedures are provided by the U.S. Laser Network, owned by LCA Vision. Please note that since Lasik and PRK vision correction are elective procedures, performed by specially trained providers, this discount may not always be available from a provider in your immediate location, so members should first call **844-608-2020** for the nearest facility and to receive authorization for the discount.

The covered person is responsible for payment of any amounts in excess of the allowance. Allowances provide no remaining balance for future use within the same Benefit Frequency.
