

Get ready for 2024 routine vision benefits

In 2024, Humana includes routine vision benefits on every Medicare Advantage plan nationwide. Some members will receive an additional \$50 toward the purchase of frame and pair of lenses or toward the purchase of contact lenses from a PLUS provider. **This benefit is not available on all plans.**

What is a Vision PLUS provider?

PLUS providers are part of the **Humana Medicare Insight Network** and will display the PLUS Provider indicator in the provider locator search results.

To locate PLUS providers, go to **Humana.com > Find a Doctor > select the Vision Care icon > select Medicare > select Medicare Advantage.**

Important information for FL, TX, and LA agents

Some plans in Florida, Texas and Louisiana do not use the Humana Medicare Insight Network for routine vision benefits. This is noted in the Evidence of Coverage for plans with this design. For more information, view these educational flyers available in the Marketing Resource Center:

- **2024 Medicare Advantage - How to use Vision benefit - All states except FL TX LA (GHHM3X3EN)**
- **2024 Medicare Advantage - How to use Vision benefit - Florida Only (FLHM3X6EN)**
- **2024 Medicare Advantage - How to use Vision benefit - Louisiana and Texas Only (GHHLGEHEN)**
