How to get care

Choosing a doctor

Your primary care physician (PCP) is your main doctor. They aren't just someone to see when you're sick. They're there for yearly checkups, to answer your questions and to keep track of your health. Find someone who can speak your language and work with your needs. Don't forget to bring your list of questions and all medications to your doctor appointment.

You were assigned a PCP when you became a Humana member. Your member ID card includes your PCP's contact information. Your member ID card will come to you in the mail separate from this welcome kit.

If you want to change your PCP, use our Find a Doctor tool at **Humana.com/FindADoctor**. You can compare doctors in our network. You can also use the map to see the doctors near you. Or, you can call our Member Services at **800-477-6931 (TTY: 711)** to change your PCP.

Getting care from someone other than your PCP

You may need a referral from your PCP to see any provider in our network, including specialists and hospitals. You can request that your PCP refer you to the specialist of your choice.

You can find a list of in-network providers at **Humana.com/FindADoctor**. If you would like a printed copy of the provider directory, call 800-477-6931 (TTY: 711).

If you need a special service or procedure, call Member Services at 800-477-6931 (TTY: 711), Monday – Friday, 8 a.m. – 8 p.m., to find out if you need prior approval.

Virtual visits with MDLIVE

Can't see your PCP immediately? You can connect with board-certified doctors 24 hours a day, seven days a week, via virtual visits with MDLIVE®. MDLIVE can provide treatment for a variety of healthcare needs including cold and flu symptoms, chronic conditions, skin conditions, prescription refills and medication adjustments, all from the comfort of your own home or while traveling.

Getting started is easy. You can use your computer, smartphone, tablet, or cell phone to receive care (data rates may apply). Choose any of these methods to connect with MDLIVE:

- 1. Visit www.MDLIVE.com/HumanaMedicaid.
- 2. Call 866-954-3589 (TTY: 711).
- 3. Download the MDLIVE mobile app from the Apple App Store or Google Play.

How to get care after hours

If you need care after business hours, you can call our 24-hour nurse advice line at **800-477-6931**. Or you can contact your PCP's office. Visit **Humana.com/FloridaGo** for more information about when and where to get care.

If it's an emergency, call **911** or go to the emergency room.

What to do in an emergency

Emergency services are services that you get when you are very ill or injured. If your condition is severe, call 911 or go to the nearest emergency room (ER) right away. You can go to any hospital or ER. If you are not sure if it is an emergency, call your primary care physician. Your PCP will tell you what to do.

The hospital or ER does not need to be part of our network or in our service area. You also do not need to get approval ahead of time to get emergency care. You don't need approval for the services you get in the ER to treat your condition.

If you have an emergency when you are away from home, get the medical care you need. Be sure to call Member Services when you are able and let us know.
